GC approves new police, jail complex

By GARY SCHNEIDER
Press-Record Staff Writer
Granite City will construct a new two-story police station and jail facility adjacent to the present Granite City main fire station on Madison Avenue, the

Granite City Council decided during a special meeting Friday night.
The facility will cost an estimated \$792,000 to construct, and a grant from the Economic Development Administration

under the Public Works Act will pay \$670,000, leaving the city to finance only about \$122,000 of the cost.
Friday night's special meeting of the council was called to decide how large a building to construct and how to finance the local share of construction. Ten aldermen, the mayor and other city officials attended.

The aldermen rejected proposals for buildings costing \$990,000 and \$1,188,000 to build, choosing instead the smaller building and to attempt to finance the local share through "belt-tightening," rather than increase taxes.
The current preparations began Tuesday night when Mayor Paul Schuler told the council he has been assured by EDA of the \$670,000 grant to Granite City, but that the grant could be used either for the city's application for a new police facility or for the Granite City Board of Education's application for a vocational building at Granite City High School North.

Schuler, the city's buildings committee and other authorities met Wednesday morning with school administrators and a tentative agreement was reached in which the school district would support the city's building on the current round of EDA grants with the understanding that the city would support the school district on the next EDA allocations, should there be any for Granite City.

That agreement is subject to ratification at the Granite City Board of Education meeting Tuesday night.
To support its pledge to the school district, the council at the special meeting passed a resolution, "That the city will support the school district the next fiscal year, should there be another round of public works projects."

Before the vote on that resolution, Alderman Sam Whitmer asked if the resolution is a requirement and Schuler responded, "No, but I think it is important." The resolution passed unanimously.

The new building will have

Tire, other county purchases are cited

(Sixth of a series on politics in Madison County)
This county's legislature, the Madison County Board, as it has for years, remains a storm center of political controversy.

Daniel Partney, a county board member from Granite City, alleged this morning that high prices paid for sheriff's department uniforms are but one example of how taxpayers in Madison County are paying more for items than is "necessary or reasonable."

"It is evident how money is being wasted," Partney said, asserting that the county is paying more than \$500 on a complete sheriff's deputy's uniform while an outfit for a St. Clair County deputy totals about \$215.

He contended he has been looking closely into the county's means of purchasing uniforms, tires, meat, food, drugs and other commodities "and I have come across some very interesting things."

"I have been raising a lot of heck about it," he added.
Partney contended that each county committee makes its own purchases and need not advertise for bids for purchases under \$1,000.

"So, we have daily deliveries of meat and food — at \$300 to \$500 each day — and it is never bid."

Grassroots government
Nameoki Town Board 7 p.m. today, June 27, at 4250 Highway 162.
Chouteau Town Board 7 p.m. today, June 27, at 825 Thorngate Drive.

Venice Town Board 7 p.m. today, June 27, at Fifth and Madison.
Granite City School Board 7:30 p.m. Tuesday, June 28, at 29th-Adams.
Madison City Council 7:30 p.m. Tuesday, June 28, at Madison City Hall.

Granite City Council 8 p.m. Tuesday, June 28, at GC City Hall.
Venice School Board 7:30 p.m. Wednesday, June 29, at 7th Broadway.

Partney's deputies go out and pick up drug purchases and, from what I have seen, we are paying a lot more for drugs and pharmacy items than is necessary.

"One over-the-counter item called Mellaril Cone 402 that we pay \$10.80 for is purchased by a

Granite City pharmacy for \$6.40 and the suggested retail for the item is \$8.25," Partney alleged.

"The County Buildings Committee purchases steel-belted tires for the sheriff's department at \$67.17 each from an Edwardsville dealership.

"B. F. Goodrich makes a

steel-belted radial which is approved by the state police and used by them which we could purchase for \$35.65 each, and they are approved for high speed use," the board member

Five-day July 4th park festival opens Thursday

Granite City Park District will present its 18th annual Fourth of July festival starting Thursday at 6 p.m. at Wilson Park and climaxing with a fireworks display at 9 p.m. Monday, July 4.

The five-day celebration will feature daily midway rides, a free "Teen Dance," Saturday, July 2, and a live country-western show, starring Ron Mahar, Jan Piles and The Country Ladies, at 7:30 p.m. Sunday, July 3.

Concession stands operated by local organizations will offer carnival patrons everything from cornedogs to Armenian and Mexican foods to portrait paintings.

Two special matinee sessions are scheduled between 2 p.m. and 5 p.m. Friday, July 1, and Sunday, July 3, when all midway rides will be 25 cents each.

Youngsters attending the matinee also will be entertained by clowns, who are expected in the midway area to greet the children and distribute treats from 2 p.m. to 4 p.m. on Friday and Sunday.

The Ray Sawyer Co.'s carnival rides will be in operation from 6 p.m. to 11 p.m. Thursday; from 1 p.m. to 5 p.m. and 6 p.m. to 11 p.m. Friday; and 1 p.m. to 11 p.m. Saturday and Sunday.

As part of the five-day festival, a softball tournament for local men's teams will take place at Worthen and West Granite parks, beginning Friday and continuing through Monday.

Women's softball squads will engage in a double elimination tournament during the same period, highlighted by the expertise of the Elk's lodge women's team, former Petrillo Producers, the defending Illinois state champions.

Park District Superintendent Harold Brown said a total of \$3,000 in fireworks will illuminate the night-time sky to celebrate the Fourth of July.

The large-scale pyrotechnic display will commence at 9 p.m. sharp, Monday, July 4, preceded with the traditional aerial announcer bombs, starting area residents the show shortly will begin.

Brilliant colors and flaring intricate patterns will be intertwined to produce the ground displays, always guaranteed to delight the viewing children and adults, while a canopy of shimmering shooting stars

from bursting aerial shells illuminate the upturned faces, Brown said.

About 20,000 people from surrounding communities are expected to gather in Wilson Park for the annual fireworks spectacular.

Displays this year will spotlight new themes and past favorites, such as: George Washington, Flower Garden, Fall Wheel, Uncle Sam, Merry-Go-Round, Crazy Wheel, Statue of Liberty, Firecracker Wheel, Space Star, Fighting Cannon and a 50-stick Niagara Falls.

In the grand finale, six sets of candles with numerous other shells will create a 10x15-foot U.S. flag.

Midway concession stands and their local sponsoring organization will include: Mexican Honorary Commission, Mexican food; Warrior Boaters, fish, cotton rings and (Continued on Page 11)

Gitchoff resigns

Circuit Judge John Gitchoff of Arlington Heights, a former Madison resident, is resigning from the bench, Friday, July 15, it was announced Friday.

Gitchoff has joined the law firm of Pratt, Pierce & Bradford in East Alton. He currently is out of town on vacation.

Gitchoff's resignation letter, dated June 15, was released by Acting Chief Judge Victor J. Mosele of the Third Judicial Circuit during a press conference Friday morning in the county courthouse at Edwardsville.

The letter states, "As you are aware, in March of 1977 I had indicated to my brothers of the bench that I contemplated leaving July 15. This is to notify you that, at the close of business

on July 15, I do hereby resign my position as judge of the Third Judicial Circuit for Illinois.

"I have accepted a position with the law firm of Pratt, Pierce & Bradford of East Alton. You may rest assured that upon my return to private practice, you can always count on me for wholehearted support of our Judiciary.

"I wish to express my thanks for the many kindnesses and courtesies extended me by all the judges. During my service of the past six years, I have found it to be rewarding and enriching and have gained an insight into the problems of the Judiciary.

"Would you kindly advise the

Resigns from bench

Arthur Kuhlman chairman of United Way Industrial drive

Arthur "Art" Kuhlman, vice-president-operations at Granite City Steel, has been appointed Industrial Division chairman of the October 1977 Tri-Cities Area United Way campaign, it was announced today by John W. Blasinsame, general chairman of the drive.

Kuhlman has been with Granite City Steel since 1943 when he joined the firm as a laborer upon leaving the Army in which he served during World War II.

He filled various maintenance and planning assignments until moving to area maintenance superintendent (open hearth area) in 1961.

He later served as cold strip superintendent, then divisional superintendent-finishing before his promotion to vice-president-operations in 1975.

He graduated earlier this year from the Carnegie-Mellon University Graduate School of Industrial Administration.

Town collectors to accept payments

Efforts to conduct local tax collections were under way in three Quad-City area townships today despite a Circuit Court ruling granting County Treasurer George Musso the right to mail all Madison County tax bills which bear instructions that payments be made to the office of the county treasurer at Edwardsville.

Arrangements to accept local payments of 1976 tax bills had been completed Friday by Nick Petrillo, Granite City treasurer and ex-officio town collector.

Richard Peck, town collector of Nameoki Township, and Jerry Maestas, collector of Venice Township.

Petrillo disclosed that he began accepting some local payments Friday when last year's payments who had received bills mailed by Musso's office brought the payments to his office.

Charles Lexow, town collector of Chouteau Township, indicated he is sympathetic to such a plan, but said he would not begin a program of local tax collections until he has had an opportunity to discuss the bills with the Chouteau Town Board.

Plans to collect as much tax money as possible on a local basis followed a hearing Thursday in which Chief Circuit Judge Harold Clark dismissed an injunction proceeding directed against Musso and ruled that Musso's office has the legal right to mail all tax bills.

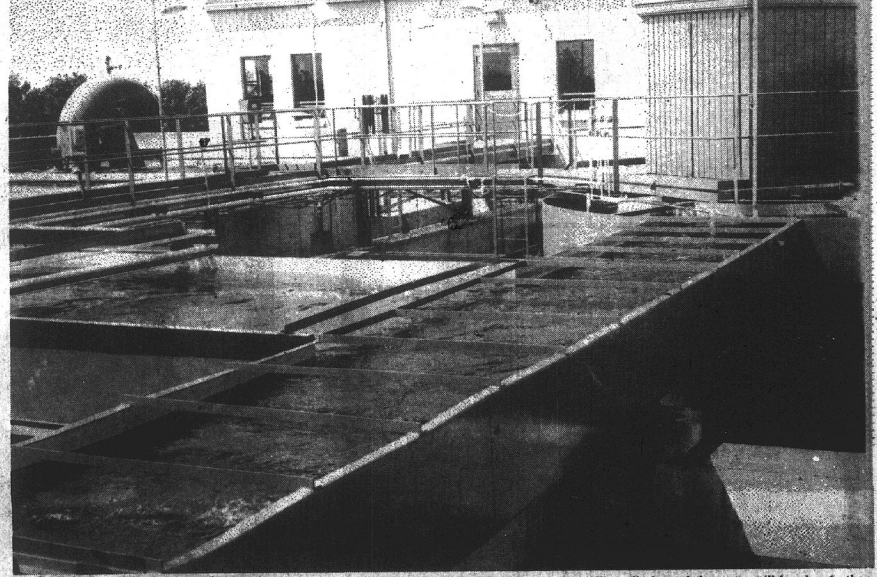

The ruling also dismissed a temporary injunction issued earlier by Judge Clark when nine township collectors, including those of the Quad-City Townships, sought to delay the mailing of tax bills by Musso's office on grounds that the town collectors have the legal right to make tax collections locally.

After a two-hour hearing Thursday, in which Musso told the court that he is bypassing the town collectors for the first time this year because the tax bills are being processed entirely by computers, Judge Clark held that Musso has the right to mail the bills directly to the taxpayers.

Instructions for payment on the reverse side of the bills call for (Continued on Page 11)

WATER FLOWS to deep-bed filtration tanks for removal of suspended solids at the new Wastewater Treatment plant at Granite City Steel near Horseshoe Lake. The new advanced, highly-instrumented plant — designed to meet future as well as present clean water standards — applies third-stage treatment to water from stabilization basins before discharge into the lake. When discharged the water will be cleaner than when it originally entered the GCS water system via a pumping station on the Chain of Rocks canal. The new system was being tested today and is expected to be placed in operation by Thursday, company officials said. A program and ceremony to commission the new system are planned July 7.

Mark Pickett, 72, succumbs

Mark D. Pickett, 72, of 2200 Garfield Ave., died at 6:30 p.m. Thursday at St. Elizabeth Hospital.
He had been ill three months and entered the hospital on March 30.
A 70-year resident of Granite City, Mr. Pickett was born in Hardy, Ark.
He retired in 1968 as route supervisor from Prairie Farms Dairy, where he was employed for 20 years.
Mr. Pickett was a member of the First United Presbyterian

Church and Masonic Lodge 885, AF&M. He was a past elder of his church and a past president of the Mayflower Club.

Surviving are his wife, Mrs. Bertha Pickett; two brothers, Robert A. Myers of Granite City and J. Lee Myers of Troy, Ill.; and three sisters, Mrs. Harry (Thelma) Boughner of Lancaster, Pa., Mrs. Ruth Boyer of Millington, N. J., and Mrs. David (Juanita) Doherty of Shreveport, La.
Funeral services were held Sunday. Details are given in today's obituary column.

Mrs. Sylvia Shanta dies

Mrs. Sylvia Mary Shanta, 73, of 4112 Stearns Ave., died at 3:50 a.m. Saturday at St. Elizabeth Hospital where she had been a patient since June 8.
Mrs. Shanta was born in Austria and resided here since she was a child. She was a member of St. Elizabeth Catholic Church.
Surviving are her husband, Victor Shanta Sr., a son, Victor

Shanta Jr., of Granite City; two daughters, Mrs. Robert (Margaret) Wendel of Imperial, Mo., and Mrs. Mary Ann Lay of Granite City; a brother, Albert Zerjal of Granite City; eight grandchildren and two great-grandchildren.
Funeral arrangements may be found in today's obituary column.

D. F. Winkle dies suddenly

Daniel F. Winkle, 61, of 4202 Breckenridge Lane, Pontoon Beach, died suddenly while working in the Terminal Railroad Association's Madison yards Saturday afternoon and was pronounced dead at the scene at 2:30 p.m. Saturday by Madison County Deputy Coroner David Partney. A heart attack is suspected as the cause of death.
Railroad authorities said the

last radio contact they had with Mr. Winkle was about 1:45 p.m. and he was found lying on the tracks at about 2 p.m. Sunday. An ambulance and railroad detectives were called, but when no signs of life could be detected, a deputy coroner was summoned.
An autopsy was conducted Sunday to determine the cause of death, but results have not been released.

Mr. Winkle was born in Monaca, Pa., and resided in this area 27 years. He was employed 28 years by the Terminal Railroad as an inspector of air lines.

Surviving are his widow, Mrs. Marian Winkle; two daughters, Mrs. Gary (Katheryn) Ellis and Mrs. Robert (Patricia) Zarubi of Granite City; two sons, John and Daniel Winkle Jr. of Granite City; a brother, Martin Winkle of Monaca; a sister, Mrs. Jean Franckel of Monaca, and five grandchildren.
Funeral arrangements may be found in today's obituary column.

STOLEN MUSTANG
Alex Rusick, of 2711 Idaho St., reported that after 6 p.m. Thursday someone stole his 1966 tan Ford Mustang from his home. The auto had both rear fenders painted yellow.

REINHARDT—Realtor Sells—BETTER LIVING!

8 arrests in Kirkpatrick area

Disturbances between 8:15 p.m. Saturday and 4:30 a.m. Sunday in Kirkpatrick Homes resulted in police arresting eight persons.

Incidents included a gun being fired, a youth being cut with a knife, ambulances, a fire truck and a taxicab being called for no reason, vandalism, crowds gathering and others.
"We are under orders to clean up this area and to arrest anyone in Kirkpatrick Homes who does not belong there. This type of activity is not going to continue," one police officer stated.

The problems began at 8:15 p.m. Saturday with a disturbance call in the 3900 block of Kirkpatrick Homes, but when police arrived, no one admitted to calling police.

At 10:40 p.m., officers responded to a report of a large gathering behind the housing project. The crowd quickly scattered as officers arrived.

One woman then approached police and said a bottle had been thrown through a window of her apartment at 107 Kirkpatrick Homes while she was sleeping. Five minutes later, officers made their first arrests of the evening. A youth who police knew lives in Pontoon Beach was arrested for being in the housing project and was charged with criminal trespass to property.

A 15-year-old girl with the youth allegedly called police an obscene name and walked away quickly. An officer ran to her and arrested her. Since she resides in Kirkpatrick Homes, she was charged only with disorderly conduct.

Ten minutes later, officers were told of problems in the 100 and 500 blocks of Kirkpatrick Homes. Occupants reported a group of youths was going to apartments asking people to come out and fight with them. There also was a report a gun had been fired into the air, but officers were unable to locate anyone with a gun.

At 10:50 p.m., officers were approached by Mike Wallace, 3601 Kirkpatrick Homes, who said a youth about 19 or 20 years old cut him with a knife.

Wallace said he was walking in the 400 block and a youth he did not know asked him to fight. When Wallace refused, the youth pushed him, displayed a knife and slashed at him several times, cutting his right hand.

At 12:15 a.m. Sunday, Keith Valenzuela, 506 Kirkpatrick Homes, reported officers were thrown at the windows of his home, breaking three windows. At 12:50 a.m. Sunday, a youth was seen walking in the 3900 block of Kirkpatrick Homes, was found to be a 14-year-old

who did not reside in the project, so he was arrested and charged with criminal trespass to property.

Another 16-year-old was seen in the 4300 block at 1:25 a.m. Sunday who police had told twice before to go home, so he was charged with curfew violation.

As police were taking him to the police station, two more 16-year-olds were seen in the 3900 block and also were charged with curfew.

At 2:20 a.m. Sunday, officers again were called to the 4300 block of Kirkpatrick Homes on a report of noise, but officers found it quiet and could not determine who called.

Ten minutes later, an auto was seen driving slowly through the housing project and was

followed to 25th Street and Namek Road, where police stopped it and asked the driver his reason for being in the housing project. He said he had none and he was charged with criminal trespass to property.

At 2:55 a.m. Sunday, there was a request for a Thomas ambulance in the 4300 block of Kirkpatrick Homes and when the ambulance arrived, no one admitted calling it.

When the ambulance started to leave, a group of younger children ran to the ambulance and started hitting it. A man also walked past the ambulance window and exposed himself.

Police asked everyone in the area to go inside their homes and they became belligerent and cursed the officers. It was reported. Officers and the

ambulance left the area, but three minutes later, police were told of calls for a fire truck, taxicab and another ambulance to the 4300 block.

Police checked the block and alleged a 15-year-old girl started screaming profanities at the officers. When they approached, she began running into her house, but was stopped near the doorway.

She allegedly fought and kicked officers until they found it necessary to use force to arrest her. She was charged with disorderly conduct.

At 4:30 a.m., there was another disturbance call to the 4300 block, but officers found only a minor disturbance, which was settled by the persons involved without arrests being necessary.

Arrests may solve 32 crimes

The arrests of three Granite City youths have led to the gathering of information which make clear more than 32 crimes in the city, Granite City police detectives said Friday.

Leonard DeClue, 17, of 2119a Bryan Ave. and Sam Nicola, 16, of 3002 Kirkpatrick Homes, have been charged with burglarizing the home of Robert Niesporek, 2303 Iowa St., last week.

Nicola and a 14-year-old boy also have been charged with burglarizing the home of Marie Damal, 2505 E. 24th St., Monday, June 20.

Detectives said questioning of the three has led to information being developed which could clear about 29 burglaries from autos, two bicycle thefts, the theft of a patio umbrella, and other cases.

DeClue and Nicola were arrested near Niesporek's home Wednesday. The juvenile was taken into custody after DeClue and Nicola were questioned.

Niesporek returned home at 4:45 p.m. Wednesday to find the front door of his home standing open and the rear door unlocked.

He said he closed the rear door's chain-lock and returned to the living room when he heard a loud noise as someone attempted to open the rear door.

Niesporek opened the rear door and found a youth, obviously confused, standing in the doorway. After stammering a few moments, the youth asked Niesporek if he had a car for sale and when Niesporek said he did not, the youth left.

Niesporek then discovered a 22 caliber handgun was missing from his home. He ran

outside and stopped two youths, including the youth who had been at his rear door, allegedly DeClue.

They were asked to return to Niesporek's home while he called police and they complied. Officers alleged finding a knife

similar to one missing from Niesporek's home in DeClue's pocket.

Detectives say they are continuing their investigation, which may lead to more arrests.

Music Under Stars salutes the states

"Salute the States!" will be the theme of the second concert in the "Music Under the Stars" series, scheduled at 8 p.m. Tuesday at the Wilson Park ice rink pavilion.

The public is invited to attend. The summer concerts feature choruses of local residents, ranging from grade school age through high school, college and adult levels.

Admission to the concert is free, and ample seating accommodation is provided by the Granite City Park District, which sponsors the summer series.

Mrs. Mary Ann Bright, program director, will lead the choristers in a variety of songs pertaining to various states and patriotism.

Among the selections are: "This Land Is Your Land"; "Shenandoah"; "Freedom"; "God Bless America"; "Oklahoma"; "You're a Grand Old Flag"; "There are Many Flags in Many Lands"; "Tenting on the Old Camp Grounds"; "America the Beautiful"; "Up With People"; "Save the Country"; "The

Sow Took the Measles"; "Drill, Ye Pariahs"; "O Burial Me Not on the Lone Prairie"; "Arkansas Traveler"; "Aloha Oe"; "We Believe"; and "Oh Susanna."

Faces 2 charges

Mary Kelly, 17, of 3205 Wayne Ave., was released at 3:40 p.m. Friday after posting \$70 cash bond on charges of resisting arrest and theft.

After she allegedly placed a \$7.96 pair of shoes in her purse at 1:15 p.m. Friday store officials called police.

As she was leaving the store with the officers she broke loose and ran, but was caught at the south end of the store, police.

ARSON SUSPECTED

An auto belonging to Barbara Thomas, 2128 Lincoln Ave., parked in front of the Thomas residence, was totally destroyed by fire at 3:19 a.m. Saturday. Authorities suspect arson.

'Safety Break' site for July 4th weekend

The Illinois Free Spirits React Team, consisting of area citizens band radio operators, will operate a "Safety Break" station for weary travelers during the Fourth of July weekend.

The effort is part of the National React Safety Break Program to help prevent highway accidents.

Bill Peters of Mitchell, assistant director of the Free Spirits React Team, said the local area "Safety Break" center will be located adjacent to the Interstate 270 and Highway 111 exit.

The station will be operated from 4 p.m. Friday, July 1 through midnight Monday, July 3.

John Demont of Granite City, director of the Illinois Free Spirits React Team, pointed out that "more than 47,000 people died on the nation's highways in 1976. Many of these fatalities are attributable to sleepiness, fatigue and 'highway hypnosis.'"

"Our aim is to get up and off the highway long enough to wake them up with a coffee break," Demont said.

The project also has the support of Captain Albert Bertagnoli, commander of Illinois State Police District 11 at Maryville, and other area police officials, whose departments are working closely with the Free Spirits team.

Demont said that in addition to the "Safety Break," the Free Spirits React Team will maintain a monitoring vigil for emergencies on Channel 9 of the Citizens Band radio service at the break site.

Area residents not traveling the highway during the Fourth of July holiday are invited to visit the "Safety Break" station to observe the team in action and enjoy free refreshments.

Demont said.

A couple residing in the 900 block of Greenwood Street called Madison police at 5:40 a.m. Sunday and said a man and just came to their door for directions and the man was covered with blood and appeared to be in pain.

Officers located the man near that home and Niehaus allegedly identified him as the man who took the tire.

Donihans said he could not recall what had happened and said he was driving a truck matching the description of the one which left the Niehaus home.

The man threw the tire in the back of a white truck with a camper shell and the truck left at a high rate of speed, dragging the man from the rear south on McCambridge Avenue.

The truck turned right at 12th Street and a witness said the man being dragged then got up and ran west on 12th Street.

The Granite City Park District is seeking a local organization wishing to earn funds for its club treasury to operate the ticket-selling booths at the Fourth of July celebration in Wilson Park.

The organization will be paid \$225 for operating the ticket booths during the hours the carnival is open, Harold Brown, park district superintendent, said.

At least 10 people are required to man the booths. Young people are encouraged, consisting of members who are 16 years and older, would be required to provide their own adult leadership and supervision, Brown said.

Duty hours will be from 6 p.m. to 11 p.m. Thursday and from 1 p.m. until 11 p.m. Friday, Saturday, Sunday and Monday. Fewer people will be needed for the children's matinee sessions, from 1 p.m. to 5 p.m. Friday and Sunday, Brown advised.

Further information may be obtained from Brown by calling 977-3650, between 9 a.m. and 5 p.m.

CAR STRIKES TREE IN YARD LAST NIGHT
An auto driven by Carl Johnson, 25, of 728 Twenty-sixth St., left the roadway in the 1100 Block of Pontoon Road yesterday at 7 p.m., crossed a lawn and went through a bush before striking a tree in the yard of Henry Willard, at St. Elizabeth Hospital.

Johnson was admitted for observation to St. Elizabeth Hospital following treatment for abrasions to the right side of his lower lip and a bloody nose. He also was given citations charging reckless driving and driving in the wrong lane.

Camp Sunnen attendance

At 2 p.m. Sunday, 152 scouts and 22 adult leaders reported to Camp Sunnen for a week of Boy Scout Camping near Potosi, Mo., in the Clark National Forest.

Scouts and leaders attending from Granite City are: Troop 146, sponsored by Hope Lutheran Church, Dale Potosi as leader; Scouts, Jerry Christ, Jr., Ron Christ, Bobby Poirer, Tim Mih, Eddie Larus, Jr., Scott Larus, Scott Hill, Brad J., Ronald Barr, Bill Smith, Gregory Hargrove and Andy Myint.

Troop 5, sponsored by Nameoki Methodist Church, Pat Busch, Charles White and Bob Moske as leaders.

Scouts, Robert Favier, Charles Shane, David White, Bob Moske, Alan Forbes, Tom Bunte, Don McAlister, Ford Przar, Nick Tsigaloroff, Caleb Miller, Tom Eubank, Mark Gosaw, Bill Kefalas, Joe Thomas, Jeff Stoichet, Henry Selms, Rudy Diak, Kenneth J. H. Holt, Kevin Perkins, Paul Elieff, John Kefalas and Jay Smith.

"This settlement is a fair one for both the state and the union. The recommendations recognize the light fiscal condition the state finds itself in and the fact that additional spending in Fiscal Year 1978 above that recommended in the governor's budget cannot be tolerated."

The main recommendations of the mediator-facilitator are:

1) Employees who have been in steps 5 and 6 will be able to move to the next higher step if they have had 18 months of service in the lower step.

2) Those who have been at the top step for three years or more will get a one-time, 5 per cent longevity bonus.

3) All employees will receive a \$100, one-time payment in fiscal 1978.

4) All employees will receive a \$100, one-time payment in fiscal 1978.

5) All employees will receive a \$100, one-time payment in fiscal 1978.

6) All employees will receive a \$100, one-time payment in fiscal 1978.

7) All employees will receive a \$100, one-time payment in fiscal 1978.

8) All employees will receive a \$100, one-time payment in fiscal 1978.

9) All employees will receive a \$100, one-time payment in fiscal 1978.

10) All employees will receive a \$100, one-time payment in fiscal 1978.

11) All employees will receive a \$100, one-time payment in fiscal 1978.

12) All employees will receive a \$100, one-time payment in fiscal 1978.

13) All employees will receive a \$100, one-time payment in fiscal 1978.

14) All employees will receive a \$100, one-time payment in fiscal 1978.

15) All employees will receive a \$100, one-time payment in fiscal 1978.

16) All employees will receive a \$100, one-time payment in fiscal 1978.

17) All employees will receive a \$100, one-time payment in fiscal 1978.

18) All employees will receive a \$100, one-time payment in fiscal 1978.

19) All employees will receive a \$100, one-time payment in fiscal 1978.

20) All employees will receive a \$100, one-time payment in fiscal 1978.

21) All employees will receive a \$100, one-time payment in fiscal 1978.

22) All employees will receive a \$100, one-time payment in fiscal 1978.

23) All employees will receive a \$100, one-time payment in fiscal 1978.

24) All employees will receive a \$100, one-time payment in fiscal 1978.

25) All employees will receive a \$100, one-time payment in fiscal 1978.

26) All employees will receive a \$100, one-time payment in fiscal 1978.

27) All employees will receive a \$100, one-time payment in fiscal 1978.

28) All employees will receive a \$100, one-time payment in fiscal 1978.

29) All employees will receive a \$100, one-time payment in fiscal 1978.

New pact for state employees approved

Governor James R. Thompson has accepted recommendations of the mediator-facilitator concerning contract negotiations between the Association of Professional, State County and Municipal Employees and the state of Illinois, it was announced Thursday.

The settlement covers 27,000 state employees in three bargaining units represented by AFSCME.

Governor Thompson said: "This settlement is a fair one for both the state and the union. The recommendations recognize the light fiscal condition the state finds itself in and the fact that additional spending in Fiscal Year 1978 above that recommended in the governor's budget cannot be tolerated."

The main recommendations of the mediator-facilitator are:

1) Employees who have been in steps 5 and 6 will be able to move to the next higher step if they have had 18 months of service in the lower step.

2) Those who have been at the top step for three years or more will get a one-time, 5 per cent longevity bonus.

3) All employees will receive a \$100, one-time payment in fiscal 1978.

4) All employees will receive a \$100, one-time payment in fiscal 1978.

5) All employees will receive a \$100, one-time payment in fiscal 1978.

6) All employees will receive a \$100, one-time payment in fiscal 1978.

7) All employees will receive a \$100, one-time payment in fiscal 1978.

8) All employees will receive a \$100, one-time payment in fiscal 1978.

9) All employees will receive a \$100, one-time payment in fiscal 1978.

10) All employees will receive a \$100, one-time payment in fiscal 1978.

11) All employees will receive a \$100, one-time payment in fiscal 1978.

12) All employees will receive a \$100, one-time payment in fiscal 1978.

13) All employees will receive a \$100, one-time payment in fiscal 1978.

14) All employees will receive a \$100, one-time payment in fiscal 1978.

15) All employees will receive a \$100, one-time payment in fiscal 1978.

16) All employees will receive a \$100, one-time payment in fiscal 1978.

30) All employees will receive a \$100, one-time payment in fiscal 1978.

31) All employees will receive a \$100, one-time payment in fiscal 1978.

\$50-a-month increase beginning July 1, 1978 (fiscal 1979).

5) If state revenues exceed those projected in the governor's fiscal 1978 budget, employees will receive a \$10-a-month increase for each \$10 million excess revenues. This "on-the-coming" wage increase will, in no case, exceed \$50 a month per employee.

"This agreement requires no new money in fiscal 1978. The cost will be absorbed by the agencies within the recommended amounts in the governor's 1978 budget."

"The cost of the wage settlement in fiscal 1978 will be about \$40 million. Of that, about \$30 million will come from the state's general fund. The union took into account the state's ability to pay in accepting the recommendations of the facilitator. This should put to rest, once and for all, any debate over whether or not the state can spend additional money in 1978."

"The state's acceptance of the facilitator's recommendations are consistent with the 1978 budget recommendations and will not increase total spending above that recommended in the budget. This is a two-year contract, and a separate pay bill for state employees will not be required in fiscal 1978 or fiscal 1979."

UNITED FARM AGENCY, INC.

Nationwide Real Estate Organization

has appointed
WARREN E. COLLINS
Broker at
EDWARDSVILLE, ILL.

(Office at 930 Hillsboro Rd., one block north of city limits on State Rt. 157, 656-8093)

The Edwardsville office of UNITED FARM AGENCY offers personalized, professional real estate service backed by a network of more than 500 sales and service offices in 40 states.

Through extensive year-round advertising, on a national scale and in neighborhood communities, UNITED provides on-target exposure for properties and quick response from qualified buyers.

Buyers and sellers alike have found it pays to trust UNITED's 52 years of experience in the sale of farms, ranches, town and country homes, acreages, recreational and business properties.

Weather hurts tomato yield

By CHRIS DOLL
Area Garden Adviser
Many of the first ripening tomatoes are infected with blossom-end rot. This happens nearly every year, but 1977 appears to be worse than most. Blossom-end rot is the black or brown rot on the bottom of the fruit or it may appear as cracking on the lower end. It is

a non-infectious disease caused either by a deficiency of calcium or adverse growing conditions. The weather this spring and early summer hasn't been the best for tomato yields.

But don't blame it all on the weather. Cultural practices such as pruning and staking, root pruning through deep hoeing or cultivation, and permitting plant stress are man-made decisions. Caged plants are somewhat more susceptible than untrained plants, and staking is worse than caging. Sometimes there is a varietal difference, so study this aspect.

Unfortunately, there is no cure once blossom-end is visible. Good cultural practices such as planting on a well-drained soil, applying fertilizer and lime to meet the soil test recommendations, shallow cultivations, and maintaining a uniform soil moisture situation, will tend to reduce the severity of the infection. The weather in July and August should alleviate the condition also.

+++

Commercial sweet corn growers in the American Bottoms have started harvesting sweet corn. Early-bird gardeners are doing the same thing.

Having sweet corn this early in the season is the result of an early growing season coupled with early planting of early maturing varieties. These include Sundance, Spring Gold, Earlielle, and many others in the 64 to 72 day season.

Main season varieties such as Gold Cup, Gold Winner, Golden Bantam, NK199 and other 78 to 82 day corns will follow shortly. These are higher in sugar and are better for processing than the early varieties.

Repeated plantings of a favorite sweet corn variety may mean harvest over a long period of time if growing conditions permit. For best eating, corn should be cooked as soon as possible after harvesting. If cooking is delayed, keep the ears cool for best quality.

Yellow, pale sweet corn plants this year could be due to 1) nitrogen deficiency, 2)

drought, or 3) virus disease. It's too late to modify any one of the three causes, but in the future, make sure the plants have plenty of fertilizer and water. If the virus (wheat streak mosaic) is present, the plants will still produce if properly grown.

+++

Garden Notes:
Short, crooked and poorly filled snap bean pods are caused by the weather and possibly low fertility. Plenty of water and fertilizer should give vigorous plant growth and long, straight bean pods.

Raspberry canes die after bearing fruit and should then be pruned out. This pruning will allow more air and light penetration in the row, which means better growth and less disease.

Bitter lettuce is caused by hot and dry conditions. Lettuce can withstand moderate warm temperatures if adequate soil moisture is present. But the combination of heat and drought causes bitterness.

Wired labels on fruit plants should be checked for girdling

Paralegal aid for seniors on Tuesdays at Y

Free counseling and information are available to senior citizens by a paralegal worker from the Land of Lincoln Legal Assistance Foundation, concerning medical programs, social security, SSI, food programs, public aid assistance, pension programs, nursing homes, consumer housing and legally related matters on Tuesday, June 28, at the Tri-City Area YMCA.

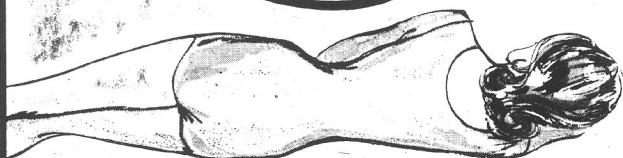

The legal assistance for older persons will continue to be offered on the second and fourth Tuesday of each month at the YMCA, according to Ed Dye, a member of the local Y staff.

Appointments and additional information may be obtained by calling Dye, at 876-7200.

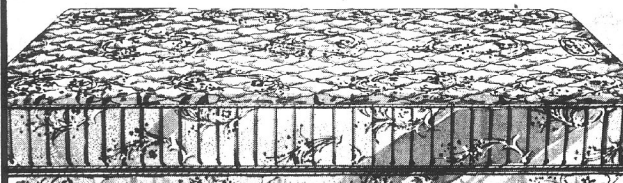

and possible removal. Frequently the label falls off, leaving the wire unnoticed, and girdling or choking of the tree will occur as it grows.

MARRIED. Army Specialist Five and Mrs. Tom George who were married in a ceremony held in the home of the bride's parents, Mr. and Mrs. Paul Hillis, 2456 Illinois Ave.

Beverly Hillis married in afternoon ceremony

Miss Beverly Hillis and Army Specialist Five Tom George were united in marriage in an early afternoon ceremony, on June 18, held in the home of the bride's parents, Mr. and Mrs. Paul Hillis, 2456 Illinois Ave.

The Rev. David Hillis, a brother of the bride, officiated at the 1 o'clock service.

Parents of the groom, Mr. and Mrs. Don George, reside in Tippecanoe, Tenn.

For her wedding the bride chose a full length blue polyester Empire style gown, featuring a V-neckline edged with a matching ruffle and long sleeves accented with white bands of lace.

The decorative lace was repeated on the semi-full skirt. She wore a fluted brim hat and held a colonial bouquet of white carnations and baby's breath, festooned with blue streamers.

Maid of honor was Miss Tammy Roberts of Granite City and serving as best man was Specialist Four Rob Turner, of Fort Leonard Wood, Mo.

A reception was held at the Hillis residence after the ceremony.

The newly married couple are honeymooning in the Missouri Ozarks.

Auxiliary hears guest speakers

Misses Jane Marshall, Jane Matosian and Mrs. Rae Marshall, were guests of the American Legion Post 113 Auxiliary at a meeting held at the Legion Home, 1825 State St., last week.

The two young girls were selected to go to Girl's State at McMurray College, Jacksonville, Ill., by the auxiliary and they reported on their experiences during the event.

Miss Matosian was chosen to represent Illinois at the National Girls State in Washington, D. C. in July it was noted.

A report was also given on a trip to Alton Veteran's Hospital, made by volunteer members. Each of the veterans were given fruit, candy, peanuts, a meal and decks of playing cards. Games were also directed by the local group, who added the next hospital visits are set for March and June of next year, and more volunteers are needed to carry out the project.

The installation dance will be held at the post on July 16, it was noted. The newly elected Commander Dave Clark and Ed Daech, adjutant, were introduced and discussed final arrangements for the affair.

Auxiliary president, Mrs. Ruby Cooper is a patient at St. Anthony's Hospital, Alton, it was reported.

DEGREES AWARDED

Phyllis I. Mercer, 2210 Lindell Blvd., received an associate of arts degree in nursing and Raymond V. Mosby, 2154 Terry St., Madison, received a bachelor of science degree in business administration from Southeast Missouri State University at Cape Girardeau, Mo., during commencement exercises.

Quad-Cityans on SIUE dean's list

Southern Illinois University at Edwardsville had 1,827 students qualifying for the dean's list for the spring quarter. Perfect averages were compiled by 446 students.

To qualify for the dean's list, a student must maintain a grade point average of 4.25 or better (B is equivalent to 4.0, A to 5.0).

Students of the Quad-City area qualifying for the dean's list are listed here. Names marked with a + indicate students with a 5-point average.

'Y' planning field trip for elderly

The Tri-City Area YMCA will sponsor a one-day trip for area senior citizens to the Churchill Memorial and Hermann Winery on Thursday, June 30.

The tour will include a visit to the church designed by Christopher Wren following the Great Fire of London in 1666. The church was dismantled and moved to Westminster College at Fulton, Mo., where it now serves as a Winston Churchill museum.

In addition, the trip will include a tour of the Stone Hill Winery at Hermann, Mo. Once the second largest winery in the nation, the town-renowned tourist attraction features the underground cellars, exhibits,

displays, attic museum and scenic beauty.

A chartered bus will depart from the First United Presbyterian Church at 22nd and Edison Avenue at 8 a.m., and return by 5 p.m. the same day.

Cost of the trip is \$5.50 and includes transportation, lunch and admission tickets to the winery and memorial.

Reservations are now being accepted at the RSVP office in the YMCA at the 20th Street entrance.

Reservations may be made in person or by calling 876-3223, and will be taken on a first come, first served basis for the 45-passenger charter.

Superpass sales more than double last year

Sales of "Superpass," Bi-State Development Agency's weekly \$1 pass for young passengers ages 19 and under, are more than double those of a year ago, Bi-State Executive Director Robert J. Baer reported Friday.

More than 5,500 Superpasses were sold during the first week of the summer-only program, with early purchasers also receiving free iron-on patches featuring colorful Superpass artwork. Slightly more than 2,700 persons purchased Superpasses during the comparable week in 1976 when the youth pass was introduced.

"Superpass is proving to be an excellent means for our younger area residents to become acquainted with public transit opportunities," Baer noted. "They are discovering the convenience of our 160-route network which will take them virtually anywhere they want to go quickly and inexpensively."

Superpass, available at more than 100 pass outlets throughout the metropolitan area, will be in effect through Labor Day. It permits unlimited riding on all regular Bi-State bus lines and the St. Louis Shuttle without payment of additional basic fares or zone or transfer charges.

It is valid on the new "Orbit" neighborhood circulators and the Scooters in Clayton and downtown St. Louis, although it is not honored on the Red Bird, Muny Opera, Race Track, or Six Flags Express special service lines.

For further information about Superpass, Quad-Cityans may call Bi-State at 773-1120 in Missouri; or toll-free in Illinois, 284-0623 in Alton-Wood River; 283-3700 in Belleville; 875-4144 in East St. Louis-Granite City; or Enterprise 2639 in Edwardsville.

25 couples divorced

Twenty-five Quad-City area couples have obtained divorces in Madison County Circuit Court. Granted divorces were: Tammy F. Curtis from Waldo V. Curtis, both of Granite City. They were married June 22, 1974. Mental cruelty was charged. Custody of one child was granted to the mother.

John R. Collett from Tillie B. Collett, both of Granite City. They were married Aug. 26, 1972, and separated in October 1976. Mental cruelty was charged. Custody of one child was granted to the mother.

Alice Wilson of Edwardsville from Richard Wilson of Granite City. They were married Nov. 16, 1974, and separated Feb. 26, 1977. Mental cruelty was charged. Custody of one child was granted to the mother.

Annie Lee Walker of Venice from Milton Walker of East St. Louis. They were married March 16, 1971, and separated in September 1974. Mental cruelty was charged. Custody of two children was granted to the mother.

Beverly A. Johnson from Jerome Johnson, both of Granite City. They were married Nov. 15, 1968, and separated April 8, 1977. Mental cruelty was charged. Custody of one child was granted to the mother.

Eugene Wilbert Presley from Patricia Elaine Presley, both of Granite City. They were married March 22, 1975, and separated March 23, 1976. Mental cruelty was charged.

Leo Martin Jr. from Carlen Yvonne Martin, both of Granite City. They were married June 13, 1975, and separated March 12, 1977. Mental cruelty was charged.

Marjorie Laverne Dawson from Richard Dawson, both of Granite City. They were married Aug. 26, 1966, and separated in July 1974. Mental cruelty was charged. Custody of one child was granted to the mother.

Linda Darlene Householder from Nathan Gale Householder, both of Madison. They were married July 27, 1970. Mental cruelty was charged. Custody of two children was granted to the mother.

Mary Frances Forsee from Robert Norris Forsee Jr., of Edwardsville. They were married March 15, 1976, and separated Feb. 13, 1977. Mental cruelty was charged.

William Henry Jacobs Jr. from Alta Louise Jacobs, both of Granite City. They were married Dec. 22, 1966. Mental cruelty was charged.

Monty Wayne Rapp Sr. from Geraldine Edna Rapp, both of Granite City. They were married Oct. 19, 1969, and separated May 1, 1977. Mental cruelty was charged. Custody of two children was granted to the mother.

Margaret Ann (Boyles) Palmer from Jack Lee Palmer, both of Granite City. They were married Oct. 11, 1976, and separated March 14, 1977. Mental cruelty was charged. Her former name was restored.

Betty Ifland has filed a four-count suit in Madison County Circuit Court, seeking \$15,000 in each count, in behalf of her son Randy Ifland, naming Vernon and Ann Vasquez as defendants. The suit alleges that on April 19, 1977 Randy Ifland was attacked by a large dog while walking in the 2200 Block of Edwards Street and was severely injured.

WORLD RECORD HOLDER in the long jump in his age group, Orrin Graf, 67, formerly of Granite City, shows the style which set the new World Record at 14 feet, 3 1/2 inches at the State Masters Track and Field Championships held in Sarasota, Fla. At the 70th Annual International Masters Meet at North Carolina State University in Raleigh, Graf set a meet record with his 13.1 time in the 100 yard dash, won the long jump and finished second to two World record holders in the 440 and 220 yard dash. He has done as well as 12.4 in the 100 yard dash in track club workouts and is determined to smash the World record of 12.5 in a future meet.

Champion, Evans on All-Southern team

The Illinois High School Baseball Coaches' Association has named 20 players to an All-Southern team, including Granite City High School South graduates Paul Evans, pitcher, and Keith Champion, catcher.

Dividing the state into five areas, all-area teams were named in Chicago area, Northern Illinois, Western Illinois, Eastern Illinois and Southern Illinois.

Joining the two Granite City players on the Southern team are: Monty Boatright and Rick Burgrabe, both of Marion; Barry Snow of Cairo; Paul Reynolds of Cahokia; John Casolari of Flora; Roy Alexander of East St. Louis Senior; Jeff Hennegatch of Okaville; Ron Carothers and Thadus Walker of East St. Louis Lincoln; Kevin Vandiver of Marietta; Kevin Bourland of Anna-Jonesboro; Jerry Logan of Edwardsville; Tim Lee of Olney; Jim Montgomery of Belleville East; John Shaw of Johnston City; Dan Timberman of Breesee; Kent Strothman of Mount Vernon; and Brad Mulkins of DuQuoin High School.

A right-handed hurler for the Warriors this year, Evans guided the team to a 23-7 record and had a 1.88 earned run average. He posted a personal

mark of 10 wins against two losses.

Evans faced 328 opposing batters, in 79 innings on the mound, yielding 49 hits and giving up 37 walks while fanning 82 batters.

Behind the plate catching, Champion posted a .301 batting average, in 50 trips to the plate collected 25 hits and accounted for 20 of South high's total runs on the season. He was also credited with 13 runs batted in and one homer.

Both athletes are second-year players with Tri-City Post 113's baseball, a member of District 22 American Legion Baseball League.

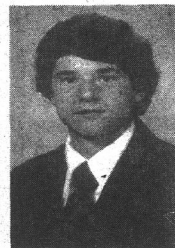

Last year, in Legion competition, Evans assisted Post 113 from the mound in gaining second-place honors statewide.

This season, still active, he has a 2-1 record on the mound and has yielded only one earned run to opposing teams in 23 innings.

Champion, with Post 113, is batting .300 this season, and has collected 20 hits and 17 runs in 40 trips to the plate.

KEITH CHAMPION

PAUL EVANS

UTTER CONCENTRATION, as he prepares to hurl a discus, is the key to Orrin Graf's successful comeback in track and field at age 67. Dedication and a competitive spirit also help. The former Granite City, who lives in a house he built himself at Harbor Oaks, Daytona Beach, Fla., continues to break meet records.

Orrin Graf, 67, breaks World record in long jump, next - 100 dash mark?

By VALERIE EVENDEN Press-Record Staff Writer

It's rough going for athletes to get back into shape after a season's layoff. And, once their playing days are over, the chance of regaining the fine edge needed in competitive sports frequently is comparable to the proverbial snowball in a warm place.

But a natural athlete, such as Orrin Graf, is showing his more youthful counterparts the recapturing one's old form isn't so difficult, even after a 47-year layoff.

In fact, he makes it look ridiculously easy.

Former Granite City Orrin Graf, now 67 years old, recently set a world record in the long jump and won six other events in the 100 and 220 yard dashes, 440 yard run, shot put, discus and high jump.

He established the new world mark in April at the Florida State Masters Track and Field Championships at Sarasota.

Graf jumped 14 feet, 3 1/2 inches for his world record for 67-year-olds. The feat was recorded in the May issue of Track and Field.

The previous record, held by Winfield McFadden, was 13 feet, 5 1/2 inches.

In the same State Masters' Championships, Graf also finished second in the 880 yard run to total 54 individual points and was named the "Outstanding Athlete" in his age group.

More recently, Graf competed in the 70th Annual International Masters Meet at North Carolina State University at Raleigh, N.C., and set a meet record with his 13.1 time in the 100 yard dash.

He also won the long jump, his best event, and finished second in the 440 run and 220 dashes, bested in both instances by World record holders.

That's a pretty fair comeback for a trackster who is only in his third season of competition after a 47 year layoff.

Orrin Graf was graduated in 1928 from Granite City High School, having lettered in baseball, basketball and track. He led the GCHS baseball team in hitting, ran the 440 run in about 52 seconds and the 880 run in the time 2:05 on loose cinder tracks. He also ran the third leg in the 440 and 880 yard relays.

Graf couldn't afford to go on to college, and his track career ended abruptly upon graduation.

"I've always wanted to get back into it," he says. And about two years ago he did through the Daytona Beach Track Club (DBTC).

A short time after working out with the club, Graf discovered his natural ability lent itself to new areas in track and field competition.

His club needed more members to enter other events, to gain much needed points in the Florida West Coast meet, and club leader Terry Smith urged Graf and his teammates to try out their talents.

"I agreed to enter the long jump and the high jump, plus a couple of field events," he explains. "I'd never long jumped before, not even in

practice, and I didn't even warm up."

"But I won the event with a 12 feet, 3 inch jump," he added. The former Granite City, who worked hard on the long jump and just two seasons later bettered his original try by two feet to smash the World record.

His natural talent in other events also continued to improve his prowess and, before long, he had captured state titles in the 100, 220, 440, shot put, discus and high jump.

"I've got my eye on the 100-yard World record," Graf says, noting that the record for a 67-year-old is 12.5 seconds.

"I've done as well as 12.4 or so in track club workouts," he explains, exuding confidence that the 100-yard dash record can be his. Maybe the 220, and 440 marks, as well.

"There are so many things that have to be right in order to get a really good time in a meet," he said.

Up at Raleigh, he had wind and rain to contend with. I have to be careful coming out of the blocks to avoid getting disqualified for false starts," the sprinter says.

He noted that most of the tracks in Florida are hard asphalt, which is slow and tiring to run on.

Graf continues to be annoyed with himself for losing the 440 run at the International Masters at North Carolina State, where he finished second to World record holder C. E. Kline of Mathews, Va.

"I got the inside lane on him and I left him have the stagger," he said, obviously frustrated by the lapse. "I wanted to try to catch him and then I could."

"I hate to lose, especially when I lose because I ran a dumb race. If I'd run a brainy race, I would have beat him, he counters.

Graf wasn't too uptight about finishing second to Richard Lacey of Pelham, Ky. in the 220 dash. Lacey is also a World record holder.

His regular workout routine includes a short morning run on the beach and afternoon sprint practice with other DBTC members at area high school tracks.

"I've always had a straight, natural stride and I always run on my toes," Graf said. "Some of the other track club members say I have the best form of anyone in the club, and I've been helping some of the younger ones with their strides," he explains.

His good physical shape and success in new realms of sports could possibly be credited to a lifelong non-smoking and non-drinking habit, plus an active career in construction work in the Quad-City area.

Back here, Graf participated in bowling, softball, baseball and ice skating, "just about every sport that came along," he says.

After moving from Granite City to the Greater Daytona Beach area 20 years ago, he managed a motel and spent six years in the real estate business before retiring.

Graf didn't marry until age 42, giving himself "plenty of time to play" before settling down.

Track is his major interest these days, and he's ambitiously pursuing his World records or age is going to catch up with me. I don't know which will happen first," Graf quips.

"Some of these younger fellows coming up into my age group (60-69 in the state meets and 65-69 in the International Masters) are getting to be tough to handle. Several times I ran this year would have been World records two years ago, but now they're not that close."

Should track cease to hold Graf's interest, he won't be ready to sit back and rock.

Already, he is giving some thought to taking up softball again by joining an area league for those 30 and over.

"I've been kicking the idea around, but I'm not sure how well my arm would hold up," he comments.

If his arm is anything like his legs, he should throw some humdingers.

Beneath Orrin Graf's picture in the 1928 Granite City High School Yearbook is the quotation—

"This Written on Paradise's Gates, Woe to the Dupe who yields to Fate."

If fate continues to be kind to Orrin Graf, undoubtedly more World records will fall and a new age classification may open up in the Masters competition.

Should fate decide to interfere, the betting is that Orrin Graf will either jump or run over it.

SIU summer intramural program set

A co-recreational and intramural summer sports program will begin at Southern Illinois University at Edwardsville at the Bubble Gym, Tuesday, July 5.

The program will include tennis, table tennis, racquetball, outside volleyball, billiards, hole-in-one golf, handball and softball (both 12 and 16 inch).

Softball, racquetball and tennis have three divisions — co-ed, student women and men only. Golf and table tennis are for men or women only. Billiards and handball are for men only, and volleyball is in the co-ed division only.

The registration deadline for co-ed volleyball and softball is June 29. The last day to register for racquetball and tennis, men's billiards and handball, and men's or women's table tennis is Wednesday, July 6.

Participants in the men's or women's hole-in-one golf tournament may register any time between July 9 and August 2. This is a contest to see how close a person can come to hitting a pin which is inside a 30-ft. diameter ring.

All sports in which faculty, staff and students will compete together, will be either double or single elimination. Tournaments will be held in billiards, golf, table tennis, racquetball and handball, with awards going to first, second and third-place finishers. The program will end with the eight-week quarter.

Entry applications for all activities may be obtained from the Intramural Office at the Bubble Gym, or by calling 1-682-3984.

Offer tennis lessons for housewives

The Granite City Park District will have a series of free tennis lessons for housewives starting Friday.

The lessons will be held for six weeks, ending August 5. They will begin at 9:30 a.m. and end at 11:30 a.m. Afternoon classes will be held from 1 p.m. to 3 p.m.

Classes will be limited to 16 women per class. Registration will begin tomorrow at the Wilson Park office. Proof of residence must be shown at the time of registration.

Non-residents of the park district will not be accepted if the class is not filled by district residents. Non-resident fee will be \$15.

Basic fundamentals taught will be the racquet grip, positions, forehand and backhand serves, scoring, and how to play the game.

The only things needed for the class are tennis shoes and tennis racquet. The balls will be provided by the park district.

FWW Midtown, Sports Club and GC Athletic Club advance to state

Four softball teams have assured themselves of a starting berth in a state tournament at Decatur Aug. 14. The Illinois Amateur Softball Association Class A district competition here.

One game remains to decide which men's squad emerges as the Granite City Park District tournament champion.

Sixteen participating teams of the park district's softball program took the diamonds at Worthen Park and West Granite Park during the weekend.

Midtown Pharmacy of 8A League competes with Veterans of Foreign Wars Post 1300 advanced into the tourney championship game slated for yesterday evening, but rain in the area prevented the contest from being played.

A park district spokesman said it will be played this week, weather permitting.

Midtown swept undefeated through the weekend bracket of the double-elimination tournament, while West 1300 suffered a loss and then sported its way back into contention with two straight victories.

Granite City Sports Club and Granite City Athletic Club also assured themselves of state berths with third-and-fourth-

places finish, respectively, in the tournament here.

District results follow:

SATURDAY, June 25
 Granite City Athletic Club 16, Hot Shots 1 (HR Dan Partney three, Jim Ohiendorf, Steve Schardon)
 VFW 1300 Post 10, Midtown Pharmacy 6A 3 (HR Rick Schardon two, Dennis Hecht two)
 Granite City Sports Club 21, Madison Amvets 5 (HR Kirk Champion, Jim Grote, Larry Williams)
 Crystal Clear Ice 13, Victory Tavern 12 (HR John Paskus, Kevin McGovern, Gary Bathon, John Piechocinski, Jim Haggan, Dan Partney two, Terry Reed, Steve Helmkamp, Bob Galvin)
 Granite City Sports Club 7, Zantigo 0
 Midtown Pharmacy 8A 19, Royce Realty 9
 Sammy's 11, Pete and Mary's 8 (HR Dan Bider, Tom Schooley)
 Razor's Edge 9, Quad-City Businessmen 8 (HR Grigaby, Egbert, Schroeder, Trotts two)

SUNDAY, June 26
 Sammy's 13, Razor's Edge 6 (WP John Shepherd, HR Dan Bider)

Wrestler Kevin Wilson to attend Western Illinois

"We are excited with the people we have signed," said Western Illinois University head wrestling coach Don Triveline as he announced the names of six more letter-of-intent athletes during the weekend at Macomb. Triveline has inked 11 hopefuls for the 1977-78 season.

The latest acquisitions are Jim Bell (Belleville, Ill.), Mike Dyer (Madison-Rochelle, Ill.), Victor Fawcett (Davenport, Iowa), Seamus O'Hara (Glenview-Glenbrook South), Jerry Pankey (Bloomington Normal Community) and Kevin Wilson (Granite City High School South).

Wilson, a brother of WIU wrestler Brian Wilson, "is an extremely big and strong 190-pounder," added the Western head coach. He finished his high school career with a 75-16 record.

Cyclists Poovey and Jones seek 3rd wins

Weather permitting. Motorcycle Association-sanctioned racing will be held tomorrow evening, starting at seven o'clock, on the quarter-mile dirt oval of Tri-City Speedway, with Texas Terry Poovey seeking a third feature race win.

A scheduled 50-lap late model stock car midseason championship main event on Tri-City's half-mile oval was postponed Saturday due to wet and unfavorable racing conditions. It has been reset for this Sunday.

Greg Falter of Ponton Beach, critically injured three weeks ago in an accident during a racing event here, remained in the intensive care unit of St. Louis' F. M. DuBois Hospital this morning in a semiconscious condition with severe head injuries.

His mother, Mrs. Gus Falter, told the Press-Record today, "Greg is slowly coming out of it and has spoken a few words."

Falter, age 16, has been in a coma since the accident on June 7.

Mitchell, Mercer win doubleheaders

The top three teams in Illinois Inter-City Baseball League competition yesterday won their double-headers to maintain their positions in the standings.

League-leading Music Room Vans (16-2 record) scored 8-0 and Alton Brewers by scores of 8-0 and 4-1.

Mitchell Athletic Club (14-4 record) upended Highland, Pierson 5-1 and 10-3.

And Mercer Mortuary (13-5) blanked J&J Liquor 6-0 and then won the second game 11-1. One other twin bill played yesterday saw Panama Bank Thomas Memorial Mortuary twice, 7-0 and 4-0.

Mitchell's Bill Stote, Dennis Vartanian and Brian Sikes each collected three hits for the day, driving in three runs each.

Pitcher Tom Stajduhar went the distance for Mitchell in the first contest, striking a one-hitter. The Highland nine scored in the third frame. Sikes doubled Tom Carroll, who had singled in the first. Vartanian singled home both Ed Kowalczyk and Stote, who had drawn walks in the third. Walks by Hector Sanabria, Sikes and Kowalczyk were

followed by a one-run single by Carroll and a two-run single by Stote in the fourth inning.

Ron Zambaldi was credited with the first game loss, going four innings before being relieved by Tom Manogian. Manogian yielded the mound to John Young in the sixth.

A fourth-inning walk by Kevin Werner, a pitching balk and a throwing error to first base resulted in J&J's lone tally.

Mercer scored two in each of the first, second and fourth frames, and then tallied one in the fifth, three in the sixth and one in the last inning.

The team loaded the bases in the opening frame as Dennis Harrington walked, Pat Schaeke was hit with a pitch. Bob Scott walked to force in a run and a runner scored on a throwing error.

In the second, Ken Schaeke and Peterson drew walks, and Larry Corey and Greenwald singled.

A walk to Peterson and singles by Dave Schaeke and Greenwald yielded the fourth-inning runs.

A throwing error in the fifth enabled J&J Scarborough to make it home. He had singled. Mercer's sixth inning saw

Greenwald single, Scott walk and Scarborough single. Ken Schaeke was struck by a pitch and then released from the game. Greenwald doubled in the seventh and was singled in by Bob Hughes.

Hughes by Hughes and Scarborough put Mercer out in front in the second frame. The four-run Mercer fourth-inning resulted when Hughes reached on an error, Scarborough and Corey walked. Harrington also reached on an error and Peterson and Ken Schaeke doubled.

The team loaded the bases in the fifth frame when Hughes and Scarborough singled, Ken Schaeke walked and there was a throwing error from shortstop to second base.

Two Mercer players crossed the plate in the sixth on walks to Hughes, Ken Schaeke and Corey and singled by Greenwald and Scarborough.

Lawrence and Corey walked in the final frame and scampered home on a wild pitch.

Team records, other than those of the three league leaders, include the Brewers 8-10, Thomas and Panama each 6-10, Highland 5-13 and J&J 5-16.

Kirk Champion, and Vic Reznack then went the distance. J&J Pitcher Dan Cooke was tabbed with the first game loss, going four innings before being relieved by Tom Manogian. Manogian yielded the mound to John Young in the sixth.

A fourth-inning walk by Kevin Werner, a pitching balk and a throwing error to first base resulted in J&J's lone tally.

Mercer scored two in each of the first, second and fourth frames, and then tallied one in the fifth, three in the sixth and one in the last inning.

The team loaded the bases in the opening frame as Dennis Harrington walked, Pat Schaeke was hit with a pitch. Bob Scott walked to force in a run and a runner scored on a throwing error.

In the second, Ken Schaeke and Peterson drew walks, and Larry Corey and Greenwald singled.

A walk to Peterson and singles by Dave Schaeke and Greenwald yielded the fourth-inning runs.

A throwing error in the fifth enabled J&J Scarborough to make it home. He had singled. Mercer's sixth inning saw

Games postponed

Mitchell Athletic Club boys' baseball games slated for Thursday and Friday were postponed due to wet diamonds. All the contests will be rescheduled.

Post 113 front runner

A first-place deadlock between Tri-City Post 113 and Highland's Legionnaires in District 22 American Legion Baseball League standings was broken when Highland lost two games last week while Tri-City fell victim once, a 3-2 loss to Bethalto Saturday.

Both teams had 5-1 win-loss records going into the weekend. A Thursday night contest between Tri-City's ballclub and Collinsville was rained out and has been rescheduled for 8 p.m. this Saturday at Collinsville.

Arl Jovi's Glen Carbon Post 455 squad is to host St. Louis Southwest Kiwanis Club in a non-league contest at 6:15 today at Wilson Park's diamond two.

Glen Carbon's Thursday evening contest with East St.

Louis and a Saturday game with Highland, were rained out. Postponed earlier in the season, Post 113's venture to Bethalto saw the hosts score once in the first inning and twice in the second frame, collecting four hits off losing pitcher Doug Rains.

Rains and Paul Evans, who relieved the starter after the first two innings.

"Bethalto's defense overcame our seven-hit effort," said Tri-City Manager Conrad Champion.

"They turned three double plays on us," he noted.

Bethalto held Post 113 scoreless until the sixth inning when Tom Hennrich walked and was thrown out as Ray Smith reached base on a grounder. Keith Champion then doubled Smith in.

A lone run scored in the seventh when John Lakin singled and, with two outs, pinch-runner Dennis Schaus scampered across home plate on a triple by Eldon Warfield. Efforts to bring in the tying run from third base failed.

Tri-City's Legionnaires improved their overall record to 13-4 yesterday with doubleheader wins here over St. Louis Europa in non-league competition by identical scores of 6-0.

Lakin held Europa to three hits while going the distance on the mound in the first game and fanned 10 opposing batters. Singles by John Krekovich and Hennrich provided a run in the third inning, and in the fourth Mike Clark reached base on an error and was driven in by Lakin's single.

With two out in the fifth, three Tri-City runners scored as Champion doubled, Evans walked, Clark doubled and

Warfield singled.

A sixth-inning tally occurred when Krekovich and Schaus singled and Hennrich provided a sacrifice fly.

Tom Mahl picked up the win in the second game, hurling a two-hitter for five innings before being relieved by Jim Goodyear.

Tri-City opened the game with three runs in the first. Hennrich walked and Schaus singled. Both provided a hit-and-run bashes. A double-stroke attempt saw Champion retired but Smith scored. Single by Larry Heagy and Warfield led to another run.

Joe Parente reached on an error in Post 113's fifth inning and Champion singled him in.

In the sixth, Warfield walked, Clark singled and Evans singled both runners home.

Champion's Legionnaires will attempt to stay ahead of Highland in the Legion league competition when the second-place team hosts Tri-City tomorrow for a twinnit starting at 8 p.m.

Passenger hurt

Jean Bartlett, 31, of 60 Kaseberg Park, Pontoon Beach, was treated for a swollen right knee and released from St. Elizabeth Hospital following a two-vehicle accident at Harvey Place near Sara Street at 4:30 p.m. Sunday. The accident involved vehicles driven by Donald Williams, 207 Harvey Place, and Leo Dickman of Pontoon Beach.

Police reported that a pickup truck operated by Williams was backing up and Dickman's auto was eastbound when they collided. Mrs. Bartlett was a passenger in the car.

Sedlack wins Lions tourney

John Sedlack defeated Dave Clark in the Madison Lions Golf Thursday, held at Arlington Golf Club, to garner first-place honors.

Clark beat Fred Duffin for second place as Chief of Police Donald L. Bridick, club secretary, captured third place by defeating former Police Chief Emmett Pizia, president-elect of the Madison Lions.

Novice golfer Alex Markuly developed a winning putt over noted Lions golfer Chester Passhoff.

After the tourney the Lions enjoyed a steak dinner.

Madison County organizes own Urban League

The board of directors of the National Urban League, meeting in Louisville, Ky., has affiliated the Madison County Urban League as the 109th Urban League in the nationwide movement, it was announced Friday.

A transition committee of the board of the former Madison-St. Clair Urban League is working out final arrangements for the separation of the Madison-St. Clair Urban League into two separate affiliates.

Officers of the new Madison Urban League have been elected. They are: President, George Dickerson of Kindell & Davis Co.; secretary, L. James Struff, attorney and treasurer, Sharen Bull of Monsanto Corp.

The initial board is made up of 19 persons representing a cross section of the Madison

County population. This number will soon be expanded to include even greater representation from throughout the county, a spokesman said.

A search committee of the board of the new Urban League is engaged in the recruitment of an executive director. Until an executive director is hired, the Central Region Office of the National Urban League is loaning the services of Ernest C. Cooper, deputy regional director, as interim executive director of the Madison County Urban League.

The first task of the new Urban League will be to conduct a community needs assessment as a basis for program planning. The board of directors has said that the Madison County Urban League will provide both direct services to individuals

and groups and advocacy for systems change.

The goals of the new affiliate will be the same as those of the Urban League movement as a whole — the advancement of minorities and the poor and the achievement of the American dream for all, the spokesman added.

Currently, the Urban League operates an apprenticeship program in Madison and Alton, funded by the Madison County CETA, and a Family Planning Program in Granite City, funded by the Illinois Family Planning Council. Other special programs will be developed.

A membership campaign for the new Urban League is expected to begin within a few weeks. The main office of the Madison County Urban League is located at 321 East Broadway, Alton, 62002.

BREAK INTO SHOP

A tool box and an assortment of tools were stolen during a burglary at Biering Flowers, 2700 Madison Ave., it was discovered Thursday. Entry was gained by kicking open the rear door. An inventory is to be taken to determine if anything else was stolen.

NEW DENTIST: John Robert Markarian of Granite City receives his Council of National Board of Dental Examiners certificate from Dean Stanley P. Hazen of the Southern Illinois University at Edwardsville School of Dental Medicine during the school's annual awards luncheon. This certifies that the dental school graduate is licensed to practice in Illinois. Dr. Markarian is one of 37 new dentists who graduated from the SIUE dental school.

County jails outmoded, should be abandoned, speaker tells students

The county jail — an institution borrowed from England more than two centuries ago — should be abandoned in favor of regional correctional centers, according to a former director of the federal Bureau of Prisons.

Myrl Alexander, a 35-year veteran of the federal prison system and its director from 1965 to 1970, told a Southern Illinois University at Carbondale audience that prison reform should focus on the county jail, which he described as "the most socially infectious institution in the United States."

Alexander described county jails as "warehousing operations inadequately staffed by political officers and patronage employees."

He said ineffectiveness in processing some 3½ million people a year makes county jails "the number one crime problem in corrections today."

Alexander proposed state takeovers as an alternative. He said state governments are better equipped to establish and staff effective regional correctional centers than are counties or municipalities.

He cited several states, including Rhode Island, Delaware and Connecticut, where regional correctional centers have effectively replaced county jails.

"Usually the transition has been helped by the existence of universities near these regional centers — as in Gainesville, Fla., and Boulder, Colo.," Alexander said.

"In fact, universities with programs in corrections will be instrumental in moulding the future of corrections in this country," he said.

Alexander founded the SIUC Center for the Study of Crime, Delinquency and Corrections in 1961 and served as its first director. He was instrumental in getting the new federal penitentiary located at Marion.

Alexander, who was a consultant to the United Nations for six years, advocated borrowing procedures from several countries he described as "international leaders in the field of corrections."

"We execute the wrong people. We execute the poor and powerless, and anyone with enough power and money will not get executed," he said.

"The criminal justice system cannot stop or control crime in this country," he said.

"But, if we are serious about wanting to make our corrections system work, we will put some emphasis there in terms of knowledge and money."

"If we were as interested in our corrections system a few years ago as we were in putting a satellite into orbit, we would not have the numbers of youthful offenders that we have incarcerated today," he said.

Alexander, who retired as professor in the SIUC Center for the Study of Crime, Delinquency and Corrections in 1972, has been active in consulting work and writing since then. His appearance was sponsored by the SIUC Crime Center.

Youth arrested

A 16-year-old boy was charged with criminal damage to an auto last week after a witness alleged seeing him bend the antenna on the auto of Walter Page, 2612 E. 24th St., and then approach a house at 2604 E. 24th St., acting as though he was seeking a means to break in.

The witness said the boy then left toward his home in the 2200 block of Nameoki Road. Officers went to the boy's home and alleged he cursed at a mother. When police tried to arrest him, he began swinging and kicking at police and his mother, they alleged.

He was subdued, handcuffed and taken to the Granite City police station where he allegedly threatened to kill several officers.

Authorities noted the boy already was on juvenile probation when the incident occurred.

He urged the development of more and better educational programs in prison.

"Any prison population I know of consists of people who have the same IQs, the same potentials and many of the same capacities as the general population. What prison populations lack essentially are education and marketable skills," he said.

One factor which slows prison reform, Alexander said, is that "legislators think prisons contain a homogeneous population — made up of stereotyped killers, rapists and burglars."

Alexander said American prisons are full of young offenders (the median age is 25) who span a wide range of personality characteristics.

Alexander said he is opposed to capital punishment. "On moral and ethical grounds," and does not consider it an effective crime deterrent.

"Operations and hospital rooms cost a lot more than you think."

Order vote recount

A recount of the ballots from the Nameoki Township election April 5 was ordered Friday and is likely to begin this Friday.

The recount, which is expected to take only one or two days, must be completed by Thursday, July 7, before a hearing on the issue is to be held before Circuit Judge Victor Mesele, acting chief judge of the Third Judicial Circuit.

Mesele has appointed the attorneys for the various sides in the issue to conduct the recount. Conducting the count will be H. Carl Runge Jr., David Adamson and Robert Hennessey. Runge filed suit contesting the election results on behalf of former supervisor Louis Whitsell, unsuccessful tax assessor candidate Loren Madison, and unsuccessful trustee candidates Helen Hawkins, Kenneth Gieson (former incumbent) and Harlan Pervan.

Adamson filed suit on behalf of Joseph Boyer, also an unsuccessful trustee candidate, and Adamson is defending

incumbent supervisor Harold Davis, assessor Carl Mesele, and Trustees W. Lee Adams, Philip Rarick, and Norman Hessler in the suit.

Hennessey filed suit on behalf of unsuccessful town clerk candidate Louis "Cookie" Zeoff.

Long Lake Fire District posts \$108,350 budget

The Long Lake Fire Protection District has posted a tentative budget for the fiscal year which started May 1, 1978, of \$108,350, including a \$75,000 contract to support the Long Lake Volunteer Fire Department.

The fire protection district is the taxing body which supports the fire department financially. The tentative budget, which will be subject to change after a public hearing, is on public display at the fire hall in Piontown Beach.

The budget provides \$200 for administration and supplies, \$1,500 for legal expenses, \$75,000 for the fire department, \$100 for trustees' salaries and \$450

for their convention expenses. Also, \$18,000 for new equipment, \$1,000 for contingencies, \$1,000 to retire a tax anticipation warrant, \$2,000 for group life insurance, \$1,000 for fire hydrant (for group revenue sharing), and \$500 for the annual audit.

The district began the fiscal year with \$5,462 cash on hand and \$10,013 in reserve in the fire hydrant rental fund.

Anticipated income includes \$80,882 from taxes, and \$22,500 from a tax anticipation warrant. It is believed the anticipation warrant will be necessary to meet the district's operating expenses before the end of the fiscal year April 30, 1979.

Collectors

(Continued from Page 1)

the taxpayers to make payments directly to the county treasurer's office at Edwardsville.

Plans for local tax collections were financed by the townships interested in making such collections since a fee system for payment of collectors was eliminated by the 1970 Illinois Constitution.

Local collectors contend that by making collection of taxes locally they have control over the tax revenue and can distribute it to the taxing bodies as it becomes available. Otherwise, they said, money paid to Edwardsville is not distributed until later in the season, working financial hardships on the tax bodies.

They also maintain that the county's computer system is programmed with a large number of address errors on the tax bills, creating difficulties that could be eliminated if they had an opportunity to check the bills before they go into the mail.

The nine collectors protesting direct mailing by Musso's office, to Edwardsville, met on Friday, June 17, to meet with Musso to discuss reports that Musso intended to bypass the local collectors and mail out all tax bills countywide. Musso, they found, was out of the city.

Accompanied by Attorney Joseph Hill, the group talked with deputies in Musso's office, but said they were given no information as to tax bill distribution.

They then met with State's Attorney Nicholas Byron who called in Assistant State's Attorney Donald Smith who had provided information to Musso concerning tax collection procedure. The collectors said they obtained no information from Smith and agreed that court action was the only alternative to halt an immediate mailing of the tax bills.

It was learned, the collectors said, that the bills had been prepared, placed in envelopes and stamped and preparations made with the post office to mail them on Thursday, June 22.

Hill filed the injunction proceeding on Monday, June 20, when Judge Clark issued a temporary restraining order preventing the mailing of the tax bills until a further hearing could produce more evidence. Maeras said Venice Township residents may pay taxes locally at 422 Madison Ave., between 9 a.m. and 4 p.m. daily. Maeras said he was informed Friday of a number of errors in addresses and that any taxpayer with questions concerning his tax bill should call his collection office at 422-3033.

Peck said that local tax collections will be received usual at an office in the Granite City Trust and Savings Bank where bills may be paid during regular banking hours.

Richard McIntosh to be installed Pontoon Lion president tonight

Richard G. McIntosh will be installed as the fourth Pontoon Beach Lions Club president tonight at a special meeting and awards dinner, to be held at Frank's D-37 restaurant and lounge beginning at 6:30.

McIntosh will follow past presidents F. David Mose, Jerry W. Henderson and retiring current president Donald D. Patrick.

Other officers to be installed at the dinner tonight will be: Mike Bradley Briggs, vice-president; James Whaley Jr., second vice president; Robert L. Carroll, secretary; Chester E. Dean Sr., treasurer; Victor Thorpe, tall twister; Frank L. Cramer, lion tamer; and Loren Madison as a director for a two-year term.

Donald D. Patrick will become the immediate past president and remain on the board of directors.

The Pontoon Beach Lions also will honor the Village Police Department and Long Lake

RICHARD MCINTOSH

Fire Department and their sponsored youth organizations at the awards dinner.

Fire Chief Arnold Rutherford is to receive the award for the Long Lake Volunteer Fire Dept. and adult adviser Capt. Danny Kreher and President Dean Brown for the Long Lake Junior Firemen.

Chief of Police Roosevelt Bennett Jr. will receive the award for the Pontoon Beach Police Department and adult adviser Sgt. Harold Denham and President Marvin Heberlein for Explorer Post 255.

Other special awards to be given out include a Citizen Medal of Valor award, Pontoon Beach Lion of the Year award and the second Pontoon Beach Citizen of the Year award.

"We have a lot to be proud of for this year," Patrick said. "Our village crime rate was reduced sharply this year and the local fire district received a reduction in its fire classification, code from the inspection of the state fire inspector."

"With our Lions Club the only

Aluminum ingot price raised

An increase in the price of 99.5 per cent unalloyed aluminum ingot by two cents a pound, effective July 3, was announced Friday by the National Aluminum Division of National Steel Corporation.

Other ingot products and wrought and fabricated product price schedules also are under study, a division spokesman said. Changes in these schedules are expected to be announced in the near future.

Higher costs of materials, labor, services, and energy have made the increase — which is in line with those announced by other producers earlier — a necessity, according to the spokesman.

National Aluminum is a wholly-owned subsidiary of National Steel Corporation which also owns and operates Granite City Steel.

Action on nursing home delayed again

Lack of documentation which has kept the Granite City Council from approving the application for a new nursing home on Mockingbird Lane about six weeks still have not been resolved as the council voted again at its last meeting to defer action on the issue.

Realtor Jerry Maeras, who also is tax collector of Venice Township, has proposed constructing a 160-bed nursing home which would be located on the site of the building where the bonds are repaid.

The Granite City Council has approved the concept and indicated a willingness to receive free ownership of the building when the bonds are repaid.

Alderman Fred P. Schuman Jr., told the council he has reviewed the documents given the council by Maeras, but has failed to find an "indenture of first mortgage trust deed," which is "an important document."

Schuman said the documents the city has all seem to refer to the terms "as set forth in the indenture of first mortgage trust deed," including the stipulation that the facility will be deeded over to the city.

Sweet Adelines to have guest night Wednesday

A prospective member guest night will be held by the Collinsville Chapter of Sweet Adelines, Inc. on Wednesday at 7:45 p.m. at the Collinsville Building and Loan Association.

The Collinsville Chorus under the direction of George Holtzsch will present a two-hour program of songs demonstrating four-part harmony, barbershop style. The group rehearses weekly on Wednesday at 7:45 p.m. at Collinsville. Guests are always welcomed.

Women in the area are invited to attend this special meeting to become acquainted with this style of music and to learn more about the International Organization which has over 27,000 members and more than 600 chapters throughout the United States, Canada, Panama Canal Zone, England and the Virgin Islands.

For further information Quad-Cityans may contact Mrs. Ethel McCann at 931-5125.

Officer hurt fatally when hit by truck on Rt. 55-70

Robert B. "Bob" Broshears, 25, an East St. Louis police officer and son of Mrs. June Maxine Burns of Granite City, died at 4:40 p.m. Thursday in St. Mary's Hospital, East St. Louis, of injuries suffered in the line of duty.

Broshears had answered a minor accident call on Interstate 55-70 and was struck when a tractor-trailer jackknifed after skidding on wet pavement according to police.

Two Illinois emergency patrol truck drivers, Dennis Smith, 28, of Caseyville, and Robert Husted, 30, of O'Fallon, were critically injured.

Broshears was standing outside his squad car when the truck slid into him and the police car and came to rest against the tow trucks police reported.

The officer died two hours after being admitted to St. Mary's Hospital in East St. Louis.

Officer Broshears became a policeman on May 23, 1973, and soon earned an outstanding reputation for performance of duty, according to a police spokesman.

Earlier this year, he was one of nine policemen who received certificates of merit from Police Chief Curtis Smith for extra effort in police work.

He was a member of the First Baptist Church of East St. Louis, the Illinois Policemen's Benevolent and Protective Association, and East St. Louis Police Union Local 2012.

In addition to his mother, he is survived by two sisters, Mrs. Floyd (Peggy) Scharbonneau of St. Louis and Mrs. Fred (Shirley) Ford of Centerville; one brother, Fred Broshears of St. Paul, Minn., and grandparents, Mr. and Mrs. Virgil (Hattie) Austin of Cahokia.

Funeral arrangements are listed in today's obituary column.

Giltchoff

(Continued from Page 1)

Honorable Judge Guley, Illinois court administrator, and the Supreme Court?" Giltchoff said in the letter. It also had a post-script reading, "P.S. See you on the other side of the bench."

The Illinois Supreme Court will appoint a judge who will serve until the next primary election. Giltchoff was appointed by the Supreme Court in 1971 and was elected in 1974 to a six-year term. He is a former chief criminal judge of the Third Judicial Circuit, which includes Madison and Bond counties.

Giltchoff was senior member of the Granite City law firm of Callis, Filcoff and Giltchoff when he was appointed to the bench.

From 1951 to 1971 he served as a trial lawyer, handling civil and criminal cases. He attended Madison public schools, graduating from Madison High School in 1943, and served as a seaman in the U.S. Navy in the Pacific theater during World War II. His Naval service included two Jims, Okinawa and the Philippines.

Giltchoff attended St. Louis University and the University of Missouri, obtaining the degree of juris doctor and bachelor of laws from the University of Missouri School of Law in 1961.

His church affiliation is with the St. Trinity Orthodox Church.

Former chairman of the Tri-City Heart Fund, he also has aided other service groups.

A past president of the Madison County Bar Association, he also has been a member of the Tri-City Bar Association, Veterans of Foreign Wars, Ainal Shrine Temple, American Legion and Masonic order.

His hobbies are golf and fishing. He lectures on criminal law at Southern Illinois University at Edwardsville.

Giltchoff was a member of a Granite City law firm and was coparticipation counsel of the City of Madison until September 1971 when he accepted the appointment as a circuit judge.

His civic service had included the chairmanship of the Madison County Building Commission. He was chosen by the Illinois Supreme Court after the retirement of Judge Streeter.

Giltchoff had been a member of the Madison County legal staff since 1962 and was head of the County Building Commission since it was created in 1970.

A native of Granite City and a lifelong resident of the Quad-City area, Judge Giltchoff was licensed to practice in the Illinois and Missouri courts and in the U.S. District and U.S. Supreme courts.

New jail

(Continued from Page 1)

two stories with 6,000 square feet on each story. It will house the police department, jail, city courtroom, Civil Defense Emergency operating center and possibly a few of the city offices such as the engineering and inspection departments currently housed at 2301 Adams St.

The actual construction cost estimate is \$720,000, but another \$72,000 is allocated for engineering and contingencies, bringing the total to \$792,000. Numerous ways of financing the \$122,000 local share of construction were discussed, including general obligation bonds, tax anticipation warrants, bank financing and using federal revenue sharing funds.

Several aldermen and city officials noted they could "cut departmental budgets drastically," delaying major purchases one year and halting other programs.

Paul Ray Bowler said he felt if every city department sacrifices a little, enough money could be found in the current city budgets to finance the local share of construction without borrowing.

The average revenue sharing for one-quarter of a year is \$128,000, but most is appropriated for other projects and one entitlement per year has been devoted to city salaries.

Whitmer commented, "We do not want to run the city in the red. Revenue sharing is holding this city now and we are using it for payroll and bills. We have to be careful that we keep this city solid."

Schuler was asked if federal revenue sharing funds have been obligated for the city's share of the overpass to be constructed on other projects and under downtown and West Granite City.

Schuler said none has yet been obligated for that project and a grant application now is being processed which may greatly reduce the city's cost of that overpass. He said the city seems to be getting "good consideration from the Illinois Commerce Commission for funds from the grade separation protection fund."

Up to one-third of the cost of that project may be approved from that fund, in addition to federal grants already approved.

Schuler explained the reason for the flurry of meetings and activity on the proposed city building is because of short deadlines imposed under the EDA program.

He said the city must decide on what type of building and how to finance the local share of construction immediately, must obtain a formal waiver from the school district and must complete its applications by July 8.

"The project must be in Washington, D.C. by July 22, so we want to have it on its way by July 8. That leaves us two weeks — nine working days."

After July 12, the EDA has 60 days to act on the project.

Schuler said the city must decide on what type of building and how to finance the local share of construction immediately, must obtain a formal waiver from the school district and must complete its applications by July 8.

While the school board is meeting Tuesday evening to consider a formal waiver of the grant money in favor of the city's building, the city council will be meeting to approve the formal ordinance applying for the grant and authorizing H.W. Architects and Engineers, St. Louis, to prepare detailed construction plans for the building.

The school board will meet at 7:30 p.m. Tuesday at 20th and Adams streets and the City Council will meet in city hall at 8 p.m. Tuesday.

Mrs. Katherine Wilson dies

Services were held in Lincoln, Neb. Saturday morning for Mrs. Katherine Wilson, 84, of Colonial Haven Nursing Home, who died at 10 a.m. Thursday at

St. Elizabeth Hospital. She had been a patient at the Colonial Haven Nursing Home and a resident here for seven years.

She was born in Pacific Junction, Iowa, and formerly lived in Lincoln, Neb.

Mrs. Wilson was a member of the First United Presbyterian Church of Granite City.

She was preceded in death June 26, 1976, by her husband Walter F. Wilson, and is survived by one daughter, Mrs. Glen (JoAnn) Yetter of Granite City.

Funeral details are listed in today's obituary column.

Area students attend Gateway Freedom Forum

Twenty-six high school students from eleven area high schools attended the four day Gateway Freedom Forum in St. Louis. The program was held at Maryville College from June 19-22.

The program emphasized American freedoms as related to economic, social, political and religious affairs. It contrasts American principles and ideals with various forms of socialism and totalitarianism.

The program is a first for this area and is jointly sponsored by Missouri Chamber of Commerce and Junior Achievement of Mississippi Valley, Inc. In excess of 200 students enrolled in the conference. Seven outstanding key speakers appeared before the group. Their information about the American Free Enterprise System was supplemented by information from active or retired businessmen from the area.

High school students from the Granite City area attending the conference were: Lori Clement, Granite City South; Mary Beth McGarrahan, Venice High; Karen Holder, Granite City South; Tamara Vail, Granite City North.

Grant for crafts fair

A \$1,500 grant from the National Endowment for the Arts has allowed for the expansion of the Regional Arts and Crafts Fair of the Mississippi River Festival to include a series of workshops. The fair, held at the Festival site on the campus of Southern Illinois University at Edwardsville, July 16 and 17, will now have workshops in fiber, metal, glass and wood, as well as the sale and demonstration of arts and crafts from craftsmen from around the Midwest.

"Those interested in signing up for workshops should contact us as soon as possible," said Jackie Levy, Arts and Crafts Fair coordinator for the Festival. "The two-day workshops cost \$20, but people can sign up for as little as a half-day for \$5, all the way up to the full two-day session."

The artists holding the workshops are Gary Trentham, Auburn, Ala. and Mary Kester, Omaha, Neb.; Brest Kingston, Carbondale, Ill.; Vernon Brejha, Lawrence, Kan.; glass; and Joseph Agate, Springfield, Mo.

The workshops "will include demonstrations, lectures and lots of hands-on work for those taking part. These are real 'doing types' of workshops," she explained. "People should come really prepared to take part in the learning experience."

She added that there still are a few openings for area craftsmen interested in displaying at the fair. Those interested in either taking part in the workshops or displaying at the fair should contact Jackie Levy at 418-692-2998 in the Cultural Arts Services Office on the SIUE campus.

Park playground activities

An estimated 400 Granite City boys and girls will continue their participation today in the Granite City Park District's school playground activities. The program included a beach party in the Lincoln Place Community Center under the direction of Miss Nancy Polson and others on Thursday.

The three-week long program began last week with swim suit competition at Webster Grade School, resulting in Lynn Jones winning a "Miss Beauty" contest; Alan Hoffman a "Mr. Beauty" contest; Frank Toeller a "Mr. America" contest; Dawn Reid a "Miss America" contest; Jim Pagan a "Mr. Muscle" contest; and Theresa Toeller a "Miss Muscle" contest.

Activities at Niedringhaus Grade School included a dog pet show. Winners were: Best dog - Brian O'Dell (owner); littiest dog - Todd Miller (owner); best dressed - Nicole MacLaughlin (owner); most unique dog - Earl Gray (owner).

A button festival was presented at Nameoki Grade

School with Lori Halbert presiding the most buttons, and a similar contest at Logan School where Jimmie Barnes produced the most buttons.

At the Lincoln Place Community Center, a picnic day relay team of William Wooley, Ron Gibson, Jeff Vaughn and Sherry Christensen took first place, and at Parkview School Brad Brashaw won a scavenger hunt during a hojo party there.

Also at Parkview, Mike Bellipante was judged the funniest hobo, Timmy Hogan the most original hobo and Rich Lovins the ugliest hobo.

ZONING BOARD TO MEET

The Madison Zoning Board will hold an open meeting at 6:30 p.m. Tuesday to consider a petition for a special use permit for a business to manufacture marble products at 1701-1707 Edwardsville Road, James W. White and Anthony A. Galati are requesting the permit. The business, if approved, would use existing structures.

Boz Scaggs, the Sylvers MRF headliners this week

Boz Scaggs, the Sylvers, and the St. Louis Symphony Orchestra headline the second week of activities at the Mississippi River Festival on the campus of Southern Illinois University at Edwardsville.

Scaggs, appearing Wednesday at 8:30 p.m., has been steadily rising in the world of rock music since he parted from the Steve Miller Band seven years ago. His album "Silk Degrees" brought top success to a solo career that started with the "Boz Scaggs" album and continued through four more album efforts before "Silk Degrees." Appearing with Scaggs will be Southside Johnny and the Asbury Jukes.

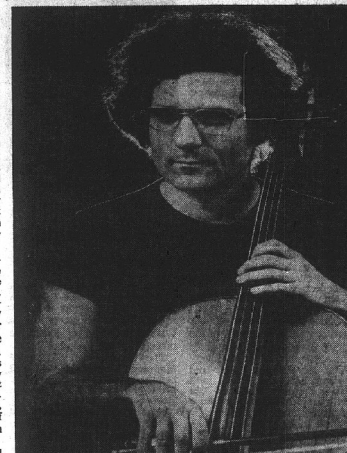

Southside Johnny is a contemporary of Bruce Springsteen and focuses on the same rock sound, a basic, elemental, rhythm and blues-based rock and roll. A new album, "This Time It's For Real," is bringing the group the national attention it deserves.

The Festival's Film Series opens at 7:30 p.m. Thursday with "The Best of the Best," an Academy Award winning film. Admission to the Film Series, shown in the Meridian Hall of the University Center on campus, is by donation.

On Friday, the Sylvers will perform at the Festival, with special guest Phyllis Hyman. The Sylvers, a family group much like the Jackson Five and the Osmonds, first hit it big with "Boogie Fever," a single from the family's "Showcase" album that sold nearly two-and-a-half million copies, making it both a gold and a platinum record.

Phyllis Hyman, opening the evening for the Sylvers, is perhaps the brightest new female vocalist in the country. Her interpretation of lyrics has brought rave notices from the New York critics and brought her into the national spotlight.

On Saturday at 8:30 p.m. the St. Louis Symphony will celebrate the Fourth of July weekend with the "1812 Overture," complete with live cannon fire from 16 Lyle guns supplied and operated by South Bend Replians, Inc. Leonard Slatkin will conduct the orchestra, and the featured

FRED ZLOTKIN, acclaimed cellist, will perform with the St. Louis Symphony Orchestra for Saturday night's presentation of the 1812 Overture, directed by Leonard Slatkin. The concert will feature live fire from 16 cannons.

Tonight at 8:30 p.m. the St. Louis Symphony Woodwind Quintet will open the chamber music series in the University Center's Meridian Hall. Reserved seats are \$3.50.

Pet dog addicted to yogurt

By CHRIS OCHOA
The health-food craze has taken the American public by storm. All across the country, people are sipping carrot juice, popping papaya tablets and eating yogurt. So, why shouldn't the pet population jump on the bandwagon?

Little Bit, a "just plain mutt" owned by Rosemarie Cooper of Venice, is what you would refer to as a normal dog, with one reservation. She is hooked on blueberry yogurt.

"It started out as a joke," said Mrs. Cooper. "My next-door neighbor was sitting on the couch eating yogurt, and Little Bit was begging. She let Little Bit lick the carton clean, and that was it. Little Bit had found a new love."

Testing by Mrs. Cooper and her neighbors revealed that Little Bit is particular in her yogurt eating. She'll only accept a certain brand of Blueberry yogurt.

"Why not? It's the best. Besides, Little Bit has always had class," said Mrs. Cooper. "Yes, we can see it now. A whole new generation of health-food faddists. Watch the man with his Doberman sharing a granola bar. Soon, there'll be a chain of stores carrying only pet health-foods."

On second thought, it's not so far-fetched after all.

Agency to move office in late '78

The Bi-State Development Agency is expected to occupy its new executive and administrative offices in Laclede's Landing in late 1978, Chairman Paul Schuler and Executive Director Robert J. Baer announced Saturday following the signing of an agreement with the Main Morgan Realty Co. transferring a portion of the former Christian Peper Tobacco factory complex to the agency.

Baer noted that the \$31,000 purchase price represented a saving of \$70,000 from the originally announced figure of \$400,000.

Bi-State in January disclosed plans to move to Laclede's Landing. The ensuing months have been spent working out appropriate land arrangements, obtaining property appraisals and negotiating closing details.

"The signing of papers formalizing our move enables us to now proceed with actual implementation — engaging an architect, making the planned renovations, and relocating our personnel as early as the end of next year," Baer said.

"Laclede's Landing is rapidly developing into a focal point of downtown commercial and recreational activity.

"As the first and largest single office tenant in the area, we believe we will actively contribute to, as well as benefit from, the innovative restoration efforts undertaken by the Laclede's Landing Redeveloping Corporation."

He expressed gratitude to the corporation and its president, William E. Maritz, for cooperation in assisting Bi-State in its search for new headquarters.

The agency's current offices are located in the former St. Louis Public Service Co. building at 39th Street and Park Avenue in St. Louis.

"Our move to Laclede's Landing emphasizes our faith in the future of downtown St. Louis," Baer added. He noted that the new site is only a few blocks from the Gateway Arch, in which Bi-State operates the popular transportation system, and from the Mississippi River, where the agency serves as regional port coordinator.

It is also close to Bi-State Parks Airport in Cahokia, Ill., owned and operated by the agency.

The six-story building at 1st and Lucas Streets, which will house 300 Bi-State employees, will be completely rehabilitated at an estimated cost of \$2 million. It features 14-foot ceilings, solid oak and pine columns and beams, floor-to-ceiling windows, and a view of the river and area bridges.

The Christian Peper complex was a tobacco factory for nearly a century until 1962. Its founder, Captain Christian Peper, also served as president for a quarter-century of the old St. Louis Railroad Co., one of the city's earliest cable car transit lines, which operated along what is now Broadway.

CHARGE MOTORCYCLIST
Gary Ely, 17, of 2832 Denver St. faces five charges after police stopped his motorcycle in the 2900 block of Denver Street at 4:30 p.m. Thursday. He was charged with reckless driving, disobeying the stop sign at Cayuga Street and McKinley Avenue, and failure to have a driver's license, proper registration or eye protection.

Smith promotes Kemp

Paul J. Kemp, 54, a veteran manufacturing manager at A. O. Smith Corporation, Milwaukee, has been named director of operations for the company's Automotive Division. It was announced Friday by David H. Stieber, vice president and general manager of the division.

In his new position, Kemp will be responsible for all phases of production in the division's plants in Milwaukee and Granite City.

This includes tool design and manufacture, purchasing, plant engineering, industrial engineering, production control, parts fabrication and assembly, shipping and maintenance.

A. O. Smith's Automotive Division is the world's largest producer of automotive and truck frames and in 1976 had sales of \$413 million.

The division currently employs 9,000 persons. In addition to frames, the

PAUL J. KEMP

division manufactures automobile control arms and other structural parts for the automotive industry.

Kemp replaces Peter S. Blake, 61, who will become a special assistant to Stieber,

prior to taking early retirement in the near future. Blake, also a veteran A. O. Smith employee, had been director of operations since 1965.

Prior to his new assignment, Kemp had been director of manufacturing and services in the Automotive Division. He assumed that post in 1971 after serving as the Granite City plant manager since 1966.

Kemp joined A. O. Smith in 1947 as a management trainee after earning a mechanical engineering degree at Marquette University in Milwaukee.

Among other positions he has held, Kemp has been manager of production control, chief inspector, frame assembly division superintendent, control arm superintendent and parts division superintendent.

A native of Des Moines, Ia., Kemp and his wife, Mary Ellen, currently reside in Brookfield, Wis. They are the parents of seven children.

Navy Mothers 850 drape charter

Quadrant Navy Mothers Unit 850 dropped the club charter, in memory of the late Mrs. Justina Williams of Madison, at their meeting Thursday evening.

Mrs. Williams, a three-year trustee in the club, died June 15. Mrs. Vernet VonNida, unit commander, was in charge.

Although the meeting was a

Bible School opens tonight

"Christian Soldiers" is the theme chosen for Vacation Bible School at Central Baptist Church, 3910 Highway 111. The school will be for all ages, held from 7:30-9:30 p.m., June 27-July 1.

The week will feature stories about great warriors of the Bible — Paul, Gideon, Moses, Joshua and will climax with the story of the resurrection.

Activities will include contests between the four groups — "Marines," "Navy," "Air Force" and "Army." These activities will feature an obstacle course, boat races, skill in flying airplanes, a marksmanship contest and a balloon ascension.

Each night a segment of the life of the missionary, John Paton, will be told and a ten-minute movie, "Adventures in Puppet Valley" will be shown.

Pastor of the church, Rev. John Lamb, invites the public to attend the V.B.S.

MICHAEL LOFTUS' NAME DAUGHTER SARA KATHRYN
Mr. and Mrs. Michael Loftus, 2322 Dwight Drive, became the parents of their first child, a daughter, born Friday at DePaul Hospital, St. Louis.

The infant has been named Sara Kathryn. She weighed six pounds, 10 ounces.

The mother will be remembered as the former Sheila Lewis, daughter of Mr. and Mrs. Russell Lewis of Granite City.

The paternal grandparents are Mr. and Mrs. Floyd Hand of Granite City.

social event, a brief business session was held to elect Mrs. Elsie Quinlan as a three-year trustee, succeeding Mrs. Williams. Mrs. Margaret Minzes also presented the welfare report, encompassing projects from January to June.

Hostesses for the meeting, held at the VFW Hall, 2602 Washington Ave., were Mrs. Frances Westbrook, Mrs. Norma Darnell and Mrs. Verna Spritzer.

Games were played and prizes were awarded to Mrs. Minzes, first, Mrs. Quinlan, second, and Mrs. Peggy Jones, third.

Mrs. Velma Finney won the "mystery" package and Mrs. Della Rabb received a special prize.

The Navy Mothers will convene July 14 at the VFW Hall for a business meeting.

Eight and Forty meet in Alton

A report on the Spring Pourvoir by Mrs. Ina Campbell, was given at the meeting of Madison County Salon 53, Eight and Forty held last week at the American Legion Hall in Alton. Chapeau Violet Schmidt of Edwardsville, presided at the meeting attended by 24 members. Delegates to the Departmental March were elected during the session.

Those present were from Alhambra, Alton, East Alton, Edwardsville, Highland, Granite City, Madison and Venice. The next meeting will be a picnic, it was noted.

Bad debts costly to all

If a consumer suddenly received a bill for \$50 for someone else's purchase, he'd be furious. Yet American consumers pay that much each year in higher prices due to business bad debt losses, according to Richard Lauck, president of AAA Credit Service, Inc. of Granite City.

"People are paying for purchases they never made because prices must cover the substantial losses that business incurs in bad debts," said Lauck. "These losses figure between \$10 and \$15 billion annually, averaging ap-

proximately \$50 per person in the United States.

"If such bills were sent separately to all consumers, they would be outraged. But because bad debt losses are included in the business operating expenses that determine the price of goods and services, good-paying consumers are not aware of the magnitude of the bill they are paying for the debt of others."

Lauck said that about eight million consumer debtors are contacted annually by members of the American Collectors Association, a trade association

of 2,600 professional collection services of which he is a member.

Together, these debtors account for some 44.5 million unpaid accounts — and this is just the tip of the iceberg, he said.

"These figures don't include accounts handled by the rest of the 5,000 collection services in the country — or collection efforts of the 2.6 million credit grantors," according to Lauck.

"Also, over one million unpaid bills are left behind each month by people who move without notifying their creditors

or leaving forwarding addresses. Eleven million bad checks are written each month. And over 210,000 consumers totally erase their debts each year by declaring personal bankruptcy.

"Moreover, even if the bill is eventually collected in whole or in part, the cost of collection is still a business expense. No businessman can afford to absorb such costs, so they are passed on through higher prices — and ultimately the 96 per cent of consumers who pay their bills promptly pick up the tab for those who do not pay."

Lauck noted that Standard & Poor's most recent analysis of industry groups in its 425 Industrial Stock Price List showed that in 1976, industry earnings as a per cent of sales averaged only 5.18 per cent, up slightly from a record low of 4.92 per cent in 1970 but far below the record high of 7.56 per cent in 1950. A retail store composite showed earnings of 2.32 per cent for the four quarters through September 1976 — less than half the total industrial figure.

"But while profit margins

have dropped, the percentage of collection costs and bad debt losses have not," Lauck said.

"Debt collection costs make up about 20 per cent of the costs of providing credit, according to a 1976 Columbia University study of retail store credit in New York state. This represents approximately 3 per cent of revolving credit sales and 2 per cent of all credit purchases."

"The extent of actual losses due to bad debts has been steadily increasing. In 1970, the last year for which figures are available, corporations wrote off \$6.5 billion from their U.S. income taxes due to bad debt losses.

Part of these losses is through bankruptcy, and the proportion of business bankruptcies this year could well be double that of 10 years ago, according to a prediction by Kent Presson, assistant chief, U.S. Courts Bankruptcy Division.

In fiscal 1967, there were 208,329 filings, representing 8 per cent business and 92 per cent personal. In 1976, there were 246,542 filings, with 14.3 per cent business and 85.7

Dr. L.L. French SIUE counsel

Dr. Larry L. French, 37, of Seminole, Okla., has been named general counsel of Southern Illinois University at Edwardsville.

The appointment was announced Thursday by SIUE President Kenneth A. Shaw, subject to ratification by the SIUE Board of Trustees.

Dr. French, who is engaged in the private practice of law and also serves as legal counsel to Seminole Junior College, will assume his duties at SIUE on Aug. 1. The position of general counsel has been vacant since the resignation of John Paul Davis on Dec. 13, 1976.

President Shaw said he selected Dr. French from a group of three persons who were recommended by the

General Counsel Search Committee, chaired by Sally Page, coordinator of the Central Affirmative Action Office.

According to the chairman the three were screened from six candidates who were invited by the Search Committee for on-campus visits. She said the committee, which began its search Jan. 4, received a total of 119 applications for the position.

In addition to his work as legal counsel at Seminole Junior College, Dr. French also is a professor of political science, history and law at the College, and he is an associate professor of graduate education at the University of Oklahoma.

Dr. French is special legal advisor to the Oklahoma State Regents for Higher Education, and he is legal and negotiations consultant to approximately 50 Oklahoma school districts, the Oklahoma State Department of Education and numerous institutions of higher education.

He also serves as legal consultant to the Oklahoma Association of School Administrators, the Oklahoma Association of Secondary School Principals, and the Oklahoma Association of School Business Officials. In addition, he is special advisor to the American Association of School Administrators, the National Association of Secondary School Principals, and the National School Boards Association.

Encephalitis virus found in some S. Illinois areas

Dr. Paul Q. Peterson, director of the Illinois Department of Public Health, said Friday that the state's St. Louis Encephalitis Surveillance Team has found evidence of the St. Louis Encephalitis virus in some of the blood samples taken from juvenile birds in the Southern Illinois counties of St. Clair, White and Richland.

"These findings," Peterson said, "along with the excessive numbers of Culex mosquitoes being observed in Southern Illinois, make aggressive mosquito abatement programs and individual precautionary action even more urgent than before."

According to Dr. Gary Clark, coordinator of the surveillance

team, as many as 10 per cent of the birds tested showed evidence of St. Louis Encephalitis infection. He explained that the laboratory test results of blood samples from juvenile birds are significant in that they indicate the birds were infected this year.

Clark emphasized that, although evidence of virus activity has been found in three counties, "there are many other counties in Southern Illinois we have not had an opportunity to survey, and I do not believe the situation we have observed in St. Clair, White and Richland counties is unique."

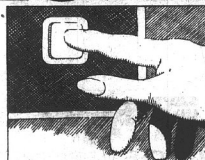

Based on our findings in these counties, it is reasonable to assume there is St. Louis Encephalitis virus activity in most parts of Southern Illinois."

The southern third of the state, are being urged to take individual actions which will discourage the breeding of Culex mosquitoes.

Since the Culex will lay eggs in small puddles of still water, householders should remove from their yards any containers which might collect even very small amounts of water, such as flower vases, rubber tires or tin cans. Bird baths or other items which cannot be removed should be emptied and refilled with clean water at least once a week.

In 1975, nearly 600 cases of St. Louis Encephalitis and 47 deaths occurred in Illinois. In 1976, the state recorded a total of 19 cases of the disease, and no associated deaths.

Deregulation of 'new' natural gas could offer advantages

Press-Record Washington Bureau — As expected, President Carter's energy plan is getting its first crack by Congress.

The House Ways and Means Committee had first crack at the package, and a little was spared. It voted to cut out by 27 to 10 Mr. Carter's proposed standby gasoline tax; by 32 to 5 his rebate recommendation for buyers of energy-efficient cars.

And Mr. Carter's proposal for taxes on gas-guzzlers was pared down considerably. Still, his press secretary, Jody Powell, determinedly could say: "If you want to put money on it, I'd be willing to bet that when the thing is passed, we will have won more than we lost on the energy proposals."

The fact is that Mr. Carter's energy plan is destined to be completely redesigned, partly because Congress has approximately 535 different ideas about energy, partly also because Mr. Carter's package neglects the supply side of the energy equation.

It neglects, for example, to propose deregulation of natural gas. It is good to report, at least, that the House Commerce Committee's Energy and Power Subcommittee voted to remove federal price controls on newly discovered gas.

This horse is the one Mr. Carter should

be backing, and not simply because it has won a Congressional committee race.

Deregulation of natural gas would encourage producers to undertake the costly but necessary extraction of gas from off-shore fields.

Nevertheless, the White House has objected that by 1985 deregulation would increase the average household's gas bill some \$100. In fact, deregulation or more the average household's gas bill is going to go up because gas is a vanishing energy supply.

California, for example, is resorting increasingly to liquefied natural gas, which because of liquefaction and re-gasification processes, is more expensive than even natural gas sold in unregulated markets would be.

One advantage in deregulating natural gas, among others, is that it would increase its supply. Hence, it would reduce the need for liquefied natural gas.

Hence, it would reduce costs of natural gas.

As Mr. Carter surveys the wreckage of his energy plan in the House Ways and Means Committee, he profitably might consider the plan of deregulation as an alternative.

Hard to have real autonomy except as separate university

The need for Southern Illinois University at Edwardsville autonomy, cited by President Kenneth Shaw at an Illinois House committee hearing this month at the local level, went beyond the progress that already has been achieved in that direction.

He was one of several who presented testimony to the Committee on Governmental Reorganization at the seventh in a series of hearings on a report prepared by the Illinois task force on revising state government.

Dr. Shaw recommended continuation of the SIU system but recognition of SIUE as an autonomous university. The plan in

such a situation is that the local university supposedly already attained autonomy when the presidency was created in the early 1970s, but SIUE's retention within the unwieldy system leaves actual autonomy non-existent in the minds of many, including perhaps the Illinois Board of Higher Education.

The task force report describes SIUE as merely one of a number of campuses within a system — and a "historical accident" at that. And it calls for independence, however far beyond what was originally conceived for that body, lessening the decision-making role of the universities.

Varieties of 'manufactured housing'

To the Editor:

Because of the many comments I've received from mobile home industry people and residents, I want to share with you the standard definitions connected with manufactured housing, hoping you will help us educate the public by using the proper definitions in reports about mobile homes.

RECREATIONAL VEHICLES:

Motor home-travel trailer: Less than 8 x 10 feet in its dimensions, easily mobile, either by its own power (motor home) or pulled behind a truck or automobile (travel trailer).

MANUFACTURED HOUSING:

Mobile home is a structure, transportable in one or more

sections, which exceeds either eight feet in length or 32 feet in width, built on a permanent chassis and designed to be used as a dwelling with or without a permanent foundation when connected to the required utilities, and includes the plumbing, heating, air conditioning and electrical systems therein.

Modular home is a factory-fabricated transportable building unit designed to be used by itself or to be incorporated with similar units in a building which is designed to be used for residential, commercial, educational or industrial purposes. A modular unit may be built to local codes.

Double-wide mobile home is a

mobile home consisting of two sections combined horizontally at the site while still retaining their individual chassis for possible future movement.

Expandable mobile home is a mobile home with one or more sections which can be expanded at the site to provide additional living area.

Sectional home is a dwelling made of two or more modular units factory-fabricated and transported to the home site where they are put on a foundation and joined to make a single house.

Illinois Manufactured Housing Association

Loan firms can branch, banks can't

To the Editor:

Banks are shackled to the starting gate in the race with savings and loan firms to serve customers.

According to information from the Federal Home Loan Bank, Illinois now has 394 branches of federally-chartered S & L firms.

In many areas, these firms are directly competitive with banks, which have no barriers to entry — to offer the needed competition because of our

antiquated state law. Not only is this situation anti-competitive, but it also rewards one form of thrift institution while totally penalizing another.

I can only hope that those legislators and bankers who have opposed branch banking in the past will see how great a disservice the law against branching is to the Illinois public.

A bill permitting sharply-limited branch banking reached the Senate floor last month, but

failed to pass. The creation of branches in each legislative district varies from a high of 19 in the Second District to none in four districts. The average per district is 6.67 branches.

In the 56th Legislative District, there are four branches of federally-chartered savings and loan firms.

GERALD SINCLAIR
President, Association for Modern Banking in Illinois

Need club for single 25-40 group

To the Editor:

It seems to me that there is an urgent need in this area for a social club for singles between the ages of 25 and 40.

I know of many fine young men and women in this area who are lonely, but who don't care to socialize at a

place to dance, play cards, share good, clean fun and get to know other young, lonely men

and women in their own age group. I'm glad for all that. But what about the 25-40 age group who are single?

I'd like to see some civic organization take over this problem soon, and make this age group a part of the social life of our community. I think they are the forgotten generation.

I would also love to hear what you other readers think of this problem.

MADISON WOMAN

Rural security

Illinois State Police District 11, Marysville, today announced the implementation of a rural security program, effective July 1.

Captain Albert J. Bertagnoli told the press that the state police in District 11 are concerned with a steady increase in rural crime.

The purpose of the rural security program is to reduce crimes against property in residential and/or unincorporated areas and to assure the public that the Illinois police are focusing attention on the problem of rural crime.

Troopers on regular day and night patrol will conduct security checks, on an irregular basis, of business establishments, government buildings and private residences.

Buildings and nonresidential areas and unincorporated areas will be physically checked during hours of non-occupancy.

The officers checking the establishment will complete a security check slip. A copy will be left at the establishment concerned.

Should any windows or doors be found unlocked, or if it appears that the premises have been the scene of a crime, an attempt will be made to contact the owner immediately.

If requested, the Illinois State

Police will contact a concerned party and offer suggestions for security improvements.

The common program depends greatly on public support and cooperation.

The public can enhance the impact of the program, concerning the rural crime situation, by notifying the Illinois State Police or a local police agency of any activity which may indicate that a crime is being planned or has been committed.

"Any citizen wanting to report a police incident or who is in need of police assistance is encouraged to call the Illinois State Police, District 11 Headquarters, Marysville, collect. The number is 345-1212."

"District 11 encompasses the counties of Bond, Clinton, Greene, Jersey, Macoupin, Madison, Monroe, Montgomery and St. Clair."

"We have 115 sworn personnel that will be involved in this program. It is expected to increase the number of arrests for crimes against property; increase the number of crimes first detected by Illinois State Police; document the number of businesses and other security deficiencies; and provide the public with a vehicle to report any police incident."

Boy, 15, faces 9 charges

A 15-year-old East St. Louis boy faces nine charges in a case that has been held by Fairmont City police for investigation of motorcycle theft after the boy chased a motorcycle from St. Clair and Dale avenues at 2:40 p.m. Sunday.

Police on patrol alleged seeing a motorcycle with no license plates which left at a high rate of speed south when the driver saw the police car.

The cycle was chased at up to 50 miles-per-hour and disobeyed the stop sign at Dale and Wilson avenues. The chase continued east on Elm Street, through the stop sign at Willow Avenue and the cycle turned north on Edgewood Avenue.

Officers lost sight of the cycle, but Paul Withers, 2813 Edgewood Ave., stopped the squad car and said a youth just drove a motorcycle in his driveway, parked it and ran behind his house.

Four officers and Withers searched for the youth until a witness said he ran into a home in the 2300 block of Wilson Ave.

He was found hiding under a bed at the rear of the home and allegedly refused orders to come out from under the bed.

When he was pulled out, he allegedly swung at officers and force had to be used to subdue and handcuff him, officers said.

A check of the license number indicated the motorcycle may have been stolen from Fairmont City.

The youth was charged here with two counts of reckless driving, two stop sign violations, speeding, fleeing from police and failing to have a driver's license or proper registration or eye protection.

He was released to Fairmont City officers for investigation of motorcycle theft.

Rudolph Kuenkler dies

Rudolph Kuenkler, 64, of 2549 Spaulding Ave., a retired employee of Granite City Steel, died Saturday at Barnes Hospital, St. Louis.

He had been ill two years and hospitalized 10 days.

Born in Chamos, Mo., Mr. Kuenkler resided in Granite City 40 years. He retired from steel plant in 1974.

Mr. Kuenkler was a member of the Narnet United Presbyterian Church and also belonged to the Modern Woodmen of America.

Survivors include his widow, Mrs. Ann Kuenkler; three daughters, Mrs. James (Patricia) Reed of Granite City, Mrs. Charles (Janice) Butler of St. Louis and Mrs. Bob (Carol) Seibel of Overland Park, Kan.

Funeral arrangements are given in the obituary column.

John N. Ingraham dies

(Bernadine) Hagauer of Granite City, Mrs. Charles (Nelda) Reed of Madison, two sons, John and Gary L. Ingraham, both of Granite City.

Funeral arrangements are given in the obituary column.

John N. Ingraham, 71, of 1808A State St., died at 9:15 a.m. Friday at St. Elizabeth Hospital where he had been a patient two weeks. He had been ill for the past two months.

Mr. Ingraham was a retired stationary engineer at the former John's Manganese plant in Madison.

He was a member of the Moose Lodge 272, Eagles Lodge 1126 and United Steelworkers Local 4971.

He is survived by two daughters, Mrs. Nelson

Expect to file referendum plea this week

Granite City Street Superintendent Lionel Portell said this morning that petitions calling for a referendum to keep his office elective rather than appointive may be filed tomorrow or Wednesday.

The filing will take place after a review of the filing procedure to be certain no problems are encountered.

He added the petitions will be filed by July 5, if delayed beyond Wednesday.

Unit price legislation

U.S. Rep. Melvin Price (Dem., 23rd Ill.) is the sponsor of a series of bills aimed at consumer protection.

The bills would promote truth in labeling and would encourage competition in food and drugs, he believes.

Among the package of five bills is one which would require unit pricing by large retailers.

"Unit pricing makes it possible for consumers to easily determine the best value, despite various package sizes, by designating the cost per unit (e.g. ounces, pints). It is already being used successfully in several states."

"Unit pricing gives consumers the chance to find the best buys and get the most out of their food dollars," Cong. Price said.

Circuit clerks salary bill is voted down

A bill boosting circuit clerks salaries statewide by sizeable amounts, originated in the Senate under Sen. Sam M. Vandalbale (D-Edwardsville), was voted down 74-4 Thursday.

The proposed measure would change mandatory compensation for clerks based on county populations and give Madison County Circuit Clerk Willard "Butch" Portell a salary of \$4,000, raising it to \$3,000 annually.

The new salary would include an additional \$1,000 because of the Alton Mental Health Center, under a provision set up for counties where a mental hospital or prison is located.

Another vote on the bill can be called before the session adjourns. Among those voting for the bill were Reps. Jim McPike (D-Alton) and Joe Lucco (D-Edwardsville).

John Peacher dies at 74

John O. Peacher, 74, of 2005 Pershing Ave., a retired millwright at Granite City Steel, died Friday at St. Elizabeth Hospital at 5:00 p.m.

He was a member of the Methodist faith.

Survivors include a son, Otis W. Peacher, and a sister, Mrs. Oja Cottrell, both of Granite City.

Funeral services are pending at a funeral home in Dover, Tenn.

Boys hit by car, injured

Steven Crowder, 14, of 2134 Adams St., suffered a broken left leg and injuries to his right arm when he was struck by the southbound car of Wanda Wiemann, 2723 Harvey Place, Apt. 48, in the 2100 block of Adams St., at 9:30 a.m. Saturday, according to official reports.

Witnesses said the boy exited from a parked car and ran around the front of the parked auto into the street. The southbound car was unable to stop in time to avoid the accident, the driver said.

Crowder was admitted to St. Elizabeth Hospital after the accident.

Public hearing

A public hearing will be held at 11 a.m. Thursday at 2656 North St. in Venice Township where Orval Charles Femmer and Sharon L. Wells are requesting a special use permit to continue the placement of a mobile home.

A previous special use permit for the placement of the unit has expired. Sharon Wells is requesting the new permit for at least five years. The property is in an R-3 single-family residential district.

YOUTH CAUGHT

A 16-year-old boy was caught fleeing the scene of a wrecked auto on the McKinley Bridge in Venice at 2:55 a.m. Saturday.

The auto was involved in a crash driving was stolen from the 1200 block of Madison Ave. The car hit several barricades on the bridge. The youth was taken to the Madison County detention home.

Human life taken, rather than helped

To the Editor:

Concerning the letter in The Forum a couple of weeks ago, about a neighbor on Delmar Avenue who shot and killed my son May 1, the letter by neighbor says that they hoped the party gets a fair and impartial trial.

I am sure the courts will do much more fair to him than the fairness shown to my boy. My son was killed for at-

4.09 inches of rain during last 6 days

Heavy rains in the Quad-City area last week, followed by several downpours early this morning, have brought a total of 4.09 inches of rain here within the past six days, weather records showed today.

Almost daily rainfall has hit the area since Wednesday, June 22, when precipitation totaling 1.20 inches was recorded at the Chain of Rocks locks where records are maintained for the U.S. Army Corps of Engineers.

The city exception was during the 24-hour period preceding rainfall readings at 8 a.m. Sunday, when no precipitation was recorded.

On Thursday, however, precipitation measured .32 of an inch, followed on Friday by .65

of an inch and on Saturday by another .65 of an inch.

The weather readings at 8 a.m. today showed a total fall of 1.23 inches for the preceding 24-hour period, including this morning's heavy rains which continued intermittently from 5 p.m.

The National Weather Service said the rain would diminish this afternoon, rededicating later today. A chance of showers is predicted Tuesday.

Rain has fallen on nine days of this month, seven of them since June 19.

Total precipitation so far this month now measures 6.04 inches, bringing to 20.92 inches the total fall this year. Normal for the period is 18.67 inches.

Sternberg to coordinate jamboree church programs

Gene H. Sternberg, of Granite City, president of the H. Sternberg Construction Co. is serving as national chairman of the Jamboree Chaplain Service Committee.

The 1977 National Scout Jamboree will be held Aug. 5 through 9 at Moraine State Park near Butler, Pa., where 28,500 Scouts and leaders from throughout the nation and some 22 foreign countries will enjoy a once-in-a-lifetime experience.

As chairman of the chaplain

service, Sternberg has the responsibility of directing over 75 leading national clergymen in coordination of religious services during the jamboree.

Working with Sternberg will be Rev. Leroy W. Kettinger, vice-chairman of the National Church Commission on Scouting; Rev. Richard P. Leath of Belleville, the national chaplain of the National Catholic Council on Scouting and Rev. Harold Oda of the Buddhist Churches of America.

Jack Menendez succumbs

Jack Menendez Sr., 84, of 908 Brentwood Drive, Belleville, father of Arthur E. Menendez of Granite City, principal of Mitchell School, died at 1:05 p.m. Sunday at St. Elizabeth Hospital, Belleville. He had been a patient at the hospital one day.

Mr. Menendez was born in Spain and resided in East St. Louis for 60 years prior to moving to Belleville three years ago.

He was a 42-year employee of the American Zinc Co., East St. Louis, before he retired 20 years ago.

Mr. Menendez was a member of Our Lady Queen of Peace Church and also belonged to the Spanish Society of St. Louis.

Survivors include his wife, Mrs. Pilar Menendez; three daughters, Mrs. Wilfred (Pura) Maus and Mrs. Roger (Rosemary) Schwartzman, both of Belleville; Mrs. Michael (Mercedes) Martinez, St. Louis; two other sons, Jack Menendez Jr., Belleville, and Julius Menendez of San Jose, Calif.; a sister, Mrs. Carrie Garcia of Belleville, and 11 grandchildren.

Funeral arrangements are given in the obituary column.

News notes

More than \$50 million that includes start-up money for two new state prisons has been allocated by an Illinois House committee to the proposed 1977-78 appropriation for state capital construction projects.

The Appropriations Committee sent the measure, now totaling \$144 million, to the House floor after three dozen amendments were considered Thursday.

A bill to make the use of the telephone to harass or make obscene remarks a criminal misdemeanor passed the Illinois Senate Thursday and was sent to the governor. It is sponsored by State Rep. Everett Seale (R-Glen Carbon). There currently is no effective penalty for the offense, since the Supreme Court has ruled that such conduct is not an existing law unconstitutional in a ruling last January.

Illinois Attorney General William J. Scott on Friday took on nationwide responsibility for cases filed against General Motors on behalf of more than 100,000 consumers who purchased Oldsmobile automobiles with Chevrolet engines.

On Scott's motion, a federal court panel on multi-district litigation ordered the transfer of all pending cases to the Northern District of Illinois for consolidation with the lawsuit first filed by Scott.

The 31-State Developmental Agency board on Friday approved a \$29,200,000 operating budget for the year starting July 1, 1977. Of the 14 per cent increase, half is directly related to bus service improvements.

Nationwide steel orders are down for July after an active second quarter attributed to advance buying before price hikes. There currently is an all-time monthly shipment record of 17,603 tons of prime steel, which was set in May, the previous high of 12,316 attained in March of this year.

The Illinois House approved Friday and sent to the governor a \$122,500,000 budget for the University of Illinois, \$400,000 less than Gov. James Thompson proposed and \$7,500,000 more than 1976-77 SIU spending.

SNEAK PREVIEW

See our features.
Because there are just too many great features to list, you're invited to a special Open House, where you can see them for yourself. Some will be obvious, like beautiful ceramic tile baths and rugged Weverhause siding. Others will be less obvious, like super-dense insulation and 100% copper plumbing. But all will demonstrate Wausau home quality materials and workmanship.

Meet our price.
One of the nicest features about a Wausau Home is its value. Dollar-for-dollar, you won't find a better home. So stop in at our Open House and let us help you find all the home you've been looking for.

Wausau Home. Welcome Home.
